

SENATE OVERRIDES HOOVER'S VETO

Al Capone Sentenced To Six Months In Federal Jail

IS FOUND GUILTY OF CONTEMPT

Federal Jurist Renders His
Decision Unexpectedly
As Arguments Closed
GANG LEADER SILENT
First Conviction in Chi-
cago For Gangster in
Ten Years of Power

CHICAGO, Feb. 27.—(UP)—"Scar-
face" Al Capone was found
guilty of contempt of federal
court today by Judge James H.
Wilkinson and sentenced to six
months in jail.

The judge made his decision un-
expectedly as soon as final argu-
ments were finished. He had been
expected to take the case under
advisement.

The gang leader, forewarned by
remarks of the judge during the
final arguments, gulped and flush-
ed when the jail sentence was de-
creed. He refused to comment.

The decision marked the first
time in Capone's 10 years of gang
leadership in Chicago that he had
been convicted in a local court.

The only other conviction behind
his name was in Philadelphia in
1929 and that for carrying a pistol.

The contempt case grew out of
Capone's alleged illness at his
Miami, Fla., estate in March, 1929,
when the government ordered him
to appear here and tell what he
knew about the Chicago Heights
liquor conspiracy. Instead of ap-
pearing, Capone sent an affidavit
that he was too ill to travel and
that the Chicago climate would be
dangerous to his condition.

The government introduced sev-
eral witnesses at the hearing the
last two days to testify that the
gang leader was not ill, but at-
tended the races and took air-
plane rides during the time he
swore he was suffering from pneu-
monia.

Judge Wilkinson granted Capone
a stay of execution until Monday
when his bail of \$5000 will be
continued and an appeal entered.
Capone's attorney said the court
of appeals probably would not act
until August and that Capone
would be free on bond until then.

The judge selected the Cook
county jail as Capone's prison.

RETURNS TO PRISON AND GAINS FREEDOM

SACRAMENTO, Feb. 27.—(UP)—
F. V. Daniels, Los Angeles pris-
oner, who came back to Folsom of
his own accord, was a free man to-
day.

Superior Judge Malcolm C.
Glenn granted Daniels' plea for a
writ of habeas corpus, asked by
the prisoner's attorney, Lawrence
J. Skirving.

Daniels had been freed on a
previous writ and was notified Feb-
ruary 4 in Los Angeles that the
district court of appeals had over-
ruled the writ. He then came to
Sacramento without a guard and
re-entered Folsom.

The prisoner had been convicted
of receiving stolen property and
paroled, but the parole was revo-
ked.

REAPPORTIONMENT BATTLE STARTED BY SOLONS

CHAMBER WILL AID JOBLESS IN SANTA ANA

Unemployment Committee
to Sponsor \$50,000
Odd Job Campaign

AS A RESULT of a meeting held
in the Santa Ana Chamber of
Commerce office yesterday af-
ternoon, the unemployment com-
mittee of the chamber will sponsor a
\$50,000 odd job campaign to start
in the immediate future.

The campaign will start in 30
days and a definite program for
securing this amount of work for
the unemployed in the city will be
arranged soon.

The Rango Relief association,
which is a group of actors who put
on plays on a commercial basis for
helping to relieve unemployment
situation, appeared before the com-
mittee yesterday to ask them to
sponsor a group of plays they
wished to give here. The committee
refused the offer on the grounds
that they needed no additional
funds at the present time and if
they did they would work out a
similar plan using local talent if
they so desired.

Members of the committee who
met yesterday are: Clyde Jenken,
city engineer; Nat H. Neff, county
superintendent of roads; W. C. Jer-
ome, president of the Chamber of
Commerce; R. Earl Ruddy, manag-
er of the Business Men's associa-
tion; Fred Sanborn, secretary of
the Builders exchange; R. R. Mil-
ler, chairman of the Community
Chest; the Rev. Harry Owings, re-
presenting the Ministerial Union;
Captain E. E. Edwards, of the Sal-
vation Army; Mrs. Belle Spangler,
who is in charge of the city em-
ployment office; and William Tway,
chairman of the committee.

WOMAN QUESTIONED IN ACTRESS' DEATH

PHILADELPHIA, Feb. 27.—(UP)—
For five hours New York detec-
tives today questioned Mrs. Eunice
Bischoff in connection with the
death of Vivian Gordon, Broadway
show girl, whose body was discov-
ered in Van Cortlandt park, New
York, late yesterday.

Mrs. Bischoff's husband divorced
the actress in 1924. Vivian Gordon
gained much notoriety in con-
nection with the New York police
graft scandal. She was arrested and
convicted on vice charges in con-
nection with the investigation.

Detectives left early today for
Washington to question Bischoff,
who is a deputy United States
marshal.

GASOLINE PRICES DROPPING IN NORTH

SAN FRANCISCO, Feb. 27.—(UP)—
A new "gas war," which threat-
ened to assume the proportions
of last summer's disastrous price
cutting competition, was in progress
throughout California today.

A two-cent reduction adopted by
the "big six" major oil companies,
effecting an estimated daily sav-
ing of more than \$75,000 to mo-
torists, was met by further re-
ductions of independent refiners,
and the war was on in full force.

Sing Sing Warden Urges Passage Of Anti-Hanging Bill

SACRAMENTO, Feb. 27.—(UP)—
A message from Warden Lewis
E. Lawes of Sing Sing prison to
the California legislature, urging
that body to abolish the death
penalty in this state and "sub-
stitute certainty of punishment
for uncertain barbarity," was
made public here today.

Urging passage of the Horn-
blower anti-hanging bill, which
fixes life imprisonment "without
parole" as the penalty for first
degree murder, Warden Lawes
charged that the gallows has
proved ineffective as a crime de-
tergent.

"In 13 leading states, during
seven years, there have been
20,000 homicides with 336 execu-
tions," said Warden Lawes.

Bills With Notables' Names Stolen

HOLLYWOOD, Feb. 27.—
(UP)—William Haines, screen
star, was thankful today he
had not acquired the hobby
of having notables autograph
five dollar bills instead of
ones.

As it was, signature of
more than 100 famous per-
sons which he had secured on
\$1 bills, which already had
the more important signatures
of Andrew Mellon, were miss-
ing.

A robber bound Boulah
Brown, Haines, housekeeper,
and leisurely ransacked his
home. When Haines returned,
the bills with which he
had decorated his den, were
missing. Nothing else had
been taken.

LONGWORTH IS RENOMINATED FOR SPEAKER

However, Many Vacant
Seats in Caucus Shows
Trouble Ahead

WASHINGTON, Feb. 27.—(UP)—
Speaker Longworth took a
new grip on his leadership
of house Republicans today, well
aware of his task henceforth
would be no easy one.

For despite all efforts to pre-
serve harmony, several sources of
future intra-party friction
bobbed up at last night's party
caucus at which Longworth was
renominated and Floor Leader
Tilson was re-elected, unanimo-
usly.

The oil embargo controversy,
which has kept Republican lead-
ers in hot water for several days,
first was brought to the notice
of the caucus through the absence
of five regular Kansas Repub-
licans who stayed away in protest.

Later there was a futile
attempt to get the caucus to go
on record in favor of an em-
bargo or tariff protection.

The caucus took cognizance of
the rules liberalization campaign
by adopting, unanimously, a res-
olution offered by Representative
Swing, Republican, California, in-
structing Republican members of
the rules committee to draft rec-
ommendations for rules changes
and report them to the caucus at
the beginning of the next con-
gress.

The dozen, outside of the Kan-
sas group, who absented them-
selves, did so for various reasons.
Some of them, like Representative
Laguardia, New York, and the
Wisconsin absentees, are opposed
to caucuses on principle. Others
had personal grievances, such as
Maas, Minnesota, who is engaged
in a controversy with Postmaster
General Brown over the St. Paul
postmastership.

RAMSAY MACDONALD MAY QUIT OFFICE

LONDON, Feb. 27.—(UP)—The
resignation of Prime Minister
Ramsay MacDonald's labor govern-
ment was considered a possi-
bility in some political quar-
ters today after a liberal amend-
ment to the trades dispute bill
had taken most of the original
flavor out of the measure.

The bill, intended to legalize
general strikes, in its amended
form defines as illegal "any strike
or lockout, the effect of which
at any time by reason of its
extension or continuance—en-
dangers public health and safety
by interfering with supplies of
food, medical and sanitary ser-
vices, or other necessities of life."

Urging passage of the Horn-
blower anti-hanging bill, which
fixes life imprisonment "without
parole" as the penalty for first
degree murder, Warden Lawes
charged that the gallows has
proved ineffective as a crime de-
tergent.

seven years, there have been
20,000 homicides with 336 execu-
tions," said Warden Lawes.

ATTEMPT MADE TO KILL COUNT WITH GRENADE

Paris Police Seize Bomb
Placed in Auto and
Probe Started

PARIS, Feb. 27.—(UP)—Police to-
day seized a high powered gre-
nade which had been placed in
the automobile of Count Manzoni,
the Italian ambassador to France.
The explosive was discovered by
the ambassador's chauffeur before
Count Manzoni entered the auto-
mobile.

A police investigation was start-
ed immediately.

Meanwhile, officials were reticent
concerning the discovery as the
ambassador had asked them not to
announce the affair.

At the same time there were in-
dications that the French secret
mobile police were prepared for
arrests in connection with the series
of bombings on the Riviera in re-
cent months.

Examination of the bomb mater-
ial revealed it was of the same ma-
terial as about 10 other bombs
which have caused damage and
deaths on the Riviera in the last
three years. Police said the ex-
plosives were made by an expert
who is now being trailed.

The investigation extends back
to July, 1927, when an attempt was
made against the American con-
sulate at Nice, and then against the
Italian consulate.

RAILWAY MAGNATE DIES IN PORTLAND

PORTLAND, Ore., Feb. 27.—
(UP)—Samuel Hill, the 74-year-
old railway magnate, who began
his spectacular career as an un-
paid employee of "Empire Build-
er" James J. Hill, died here last
night after an illness of two
weeks.

Death followed an operation for
intestinal disorders. The condi-
tion of the capitalist and "good
roads" enthusiast was critical for
several days but an improvement
was noted after the arrival of
his son, James Nathan Hill, from
New York. He suffered a sud-
den relapse late yesterday and
died within a few hours.

Although no relation to James
J. Hill, he joined the family by
marrying the "empire builder's"
daughter, Mary Hill.

Education Urged By Dr. Einstein In Pasadena Address

PASADENA, Feb. 27.—(UP)—An
addressment to advance edu-
cation and to convey it on to po-
sterity, uttered by Dr. Albert Ein-
stein, rang in the ears of 7000 Pas-
adena school children today as the
learned German scientist prepared
to leave for his home in Berlin.

Dr. Einstein addressed the stud-
ents in dedicating the astronomy
building at the Pasadena Junior
college in his last public appear-
ance of his eight-week visit here,
during which he studied at the Cal-
ifornia Institute of Technology.

In the private car of W. B.
Story, president of the Santa Fe
railroad, Dr. Einstein, his wife and
party, left at 1 p. m. today for Chi-
cago and New York.

Hold Ceremony At Monument Of U. S. Citizen

PARIS, Feb. 27.—(UP)—The
16th anniversary of the
death of Edward Mandell
Stone, of Chicago, first
American killed in the
World war, was observed to-
day with a ceremony before
the monument to Americans
who died for France.

American and French war
veterans, many of them with
an arm or leg missing, gath-
ered before the monument and
placed a wreath in mem-
ory of the first American
blood spilt there. The
ceremony was organized by
Trench and Air, an associa-
tion of American volunteer
combatants in the French
army, of which John G.

HURRICANE IN FIJI ISLANDS KILLS HUNDRED

Exact Toll of Death and
Damage Will Not Be
Known For Days

SUVA, Fiji Islands, Feb. 27.—
(UP)—Days and possibly
weeks may elapse before full
details are known of the disas-
trous hurricane which swept
across the Fiji islands, leav-
ing in its wake a toll of at least 100
dead and heavy damage to build-
ings and crops.

The hurricane drove a great wall
of water before it and flooded
huge areas in the Lautoka, Ba and
Rek districts. Practically every
building in Lautoka was damaged
and many were destroyed.

KILLER CONVICTED

FRESNO, Feb. 27.—(UP)—Y. C.
Kim, 49, Korean ranch cook, who
shot to death T. C. Shin, a coun-
tyman, for criticism of Kim's
cooking, was found guilty here last
night by a jury after six hours'
deliberation. The jury recom-
mended life imprisonment.

Kim pleaded self-defense, saying
Shin threatened him, but the pro-
secution held that the shooting of
Shin in a Tivy valley cookhouse
November 14 was done in cold
blood and after only a brief criti-
cism of a meal.

Says Wife Planned To Kill Self After Shooting Husband

KANSAS CITY, Feb. 27.—(UP)—
Charles M. Hoffman's opinion
that Mrs. Myrtle Bennett con-
templated suicide after the shoot-
ing of her husband during a bridge
game quarrel was before the jury
today at her trial on a charge of
murder.

Hoffman, who was playing
bridge with the Bennetts when
the shooting occurred 16 months
ago, testified as the state's first
witness.

He testified that Bennett was
set on his wife's four spade bid,
that she called him a "bum bridge
player," and that she slapped her.
"I left the room a moment and
heard four shots fired," he said.
"I rushed into the room where
they were playing bridge and saw
Bennett lying on the floor. Mrs.
Bennett had her arms around
him. She was hysterical."

Craig Named In Group To End Battle

Short Session Is Held By
Legislators Today and
Adjournment Taken

SACRAMENTO, Feb. 27.—(UP)—
Preparing to begin an immedi-
ate attack upon the controver-
sial subject of reapportionment,
the state legislature held a short
session today and adjourned for
the week end.

Before adjournment, however,
a subcommittee of the assembly re-
apportionment committee began
work towards untangling the var-
ious redistricting proposals now be-
fore the main committee.

The committee is composed of
Assemblyman Harry Sewell, Whit-
tier; William G. Bonelli, Los Ange-
les; Robert L. Patterson, Taff; William B. Hornblower, San Fran-
cisco; Harry L. Parkman, San
Mateo, and Edward Craig, Brea.

This group is beginning first with
the work of assembly redistricting.
After this is completed, it will start
on the new congressional districts.
Both will be based on the new 1930
federal census figures.

A bill designed to curb nepotism
within the state was before the
legislature today, by Senator H. J.
Evans of Monrovia, who proposed
that members of the legislature be
prohibited from employing any of
their families as attaches.

The measure would hit a large
number of senators and assembly-
men who have their sons, daugh-
ters and other relatives employed
as clerks or stenographers. The
proposal would be included as an
amendment which would increase
the sum allowed for daily expendi-
tures in both houses of the legisla-
ture.

Removal of the burden of educa-
tional costs from local taxpayers is
sought by Assemblyman B. J. Feig-
enbaum, San Francisco, in a pro-
posed constitutional amendment to
revise the plan of state contribu-
tion to schools.

Under this plan, the state would
be required to share more of the
county tax burden for educational
purposes. If adopted, he explained,
within ten years, local real estate
would be responsible for only 50
per cent of the cost of government,
as compared with 80 per cent at
present.

SIX NEGROES DIE IN ELECTRIC CHAIR

COLUMBIA, S. C., Feb. 27.—
(UP)—Six Negroes were electro-
cuted by the state of South Caro-
lina here early today to avenge
the murders of two men.

"Tell the younger generation to
obey the law and listen to what the
white folks tell them," the con-
demned men said in a joint state-
ment issued shortly before they
were marched to the electric
chair.

In order of their passing, they
were John Arkwright, Tillman
Poozer, George Byrd, James Hick-
man, Robert Eldredge and Ernest
Thomas.

All but Poozer were convicted of
murdering B. W. Hendrix, Lexing-
ton merchant, on the night of Janu-
ary 6 of this year. Poozer con-
fessed he killed C. D. Mills, Lexing-
ton county watchman.

WILL ROGERS says:

BEVERLY HILLS, Feb. 27.
[To the Editor of The Reg-
ister:] The stock market is
picking up, so that makes the
rich boys feel a little better.
Lot of appropriation bills for
government expenditures have
been passed, business in gen-
eral in the last four or five
weeks looks better, but all
that has nothing to do with
the folks that the Red Cross
has to feed. United States
Steel can go to a thousand

lion, but that don't bring one
biscuit to a poor old Negro
family of fifteen in Arkansas
who haven't got a chance to
get a single penny in money
till their little few bales of
cotton are sold next fall. That
some places haven't reached
their Red Cross quota just
don't seem possible. Just
because it's getting warm,
that don't help these folks'
appetite any.

ure became law.

The bill, vetoed yesterday, was
immediately passed for the sec-

ever, chose to hold it over until
today when it became the first

Petition Asks Removal Of Post Estate Executor

APPEARANCE OF WHITE ORDERED BY COURT HERE

Moresby White, executor of the estate of Adele Ritchie Post, whose claim to a bequest in the will of Mrs. Doris Murray Palmer brought on a court trial here last week which resulted in widespread publicity and determined that Mrs. Post murdered her friend, Mrs. Palmer, has been ordered to appear in the Orange county superior court at 10 a. m. March 13, to show cause, among other things, why he should not be removed as executor of the estate.

The order, which was signed today by Judge James L. Allen, was in accordance with a petition filed in connection with the estate of Mrs. Ella N. Pultz, mother of Mrs. Post and principal legatee and devisee under the Post will, who claims that White has neglected and refused to confer with her in connection with the estate, that he has failed to act to preserve the estate and the interests of the petitioner, that he has spent time and money to recover money from the Palmer estate against her wishes, and that he proposes to appeal the Palmer estate case decision against him. The petition specifically asks that White be restrained from expending funds for the appeal. Mrs. Pultz stated in the petition that the contest of the Palmer estate by White as executor of the Post

estate caused great newspaper publicity, which was unnecessary and unfavorable to the name of Adele Ritchie Post, and which caused the petitioner great suffering and grief.

Other charges made in the petition are that the petitioner believes White interfered with the appraisers of the estate and that the inventory and appraisal report filed January 5, 1931, which shows assets of \$21,652.30, contains some items which are appraised higher than the true value and certain items which never belonged to the decedent. Mrs. Pultz seeks to have the inventory revised and corrected.

The petition further claims that the executor has made no effort to liquidate any assets of the estate, and that property at Laguna Beach and Pasadena, which is encumbered to the amount of \$12,360, is in danger of foreclosure by reason of the failure of the executor to renew one of the encumbrances and to provide for payments of interest and taxes, and other items. It also is charged that a pending sale of part of the estate recently failed "due to the delay and unbusinesslike methods of the executor."

Part of the complaint of Mrs. Pultz is the claim that the executor refuses to turn over to her items of a personal nature including private papers of no commercial value but of "great value to the petitioner because of their intimate personal nature."

Other charges relative to the conduct of White as shown in the petition, are that he has incurred unnecessary expenses, fees and penalties; and has been abusive and overbearing in his manner.

A second petition asking that White be ordered to appear before the court and show cause why a claim against the Post estate had not been paid, was filed today by M. G. Winter, Laguna Beach undertaker, who stated in the petition that the estate was indebted to him in the amount of \$400 for funeral expenses incurred April 26, 1930. Repeated requests in the past have not resulted in the money being paid, he said. White was ordered to appear in court on the same date and time to show cause why this claim should not be paid.

Both petitions were handled by Attorney Lullie F. Kimmell, of Laguna Beach.

ENGLISH PLAY PRESENTED BY DRAMA GROUP

BY ELEANOR ELLIOTT

Playing to a fair-sized audience, members of the cast of "Angel in the House," three-act English comedy produced by Santa Ana Community Players' association, last night presented the first of three performances in Eboli auditorium, with the remaining two scheduled for tonight and tomorrow night.

"Angel in the House" is a play that undoubtedly is entertaining reading, but offers technical difficulties that make it a problem for production, especially on a theater stage lacking complete mechanical equipment. These difficulties were overcome to a marked extent by the capable Community Players' workers, but even with all the assistance they might offer, and with a clever cast, the play has too much talking and too little action to be as great a success as some of its predecessors in Community Players' history.

It is distinctly a one-character play, with "the Honorable Hyacinth Pentavel," in other words, the "Angel in the House," as the center of interest every minute after his entry in the first act. This leaves the remainder of the cast with very little to do and little more to say except speeches that "feed" the chief character.

"The Honorable Hyacinth" was played by Charles G. Haas, whose work in "Her Temporary Husband" was so outstanding and who also did excellent parts in other productions, "Smilin' Through," "Officer 666," and "Mrs. Bumpstead-Leigh." He made the most of his part in the current play, which was one of lofty enunciations and superiority that was completely without a sense of humor.

Playing directly opposite him was Irma Huffman May as "Lady Sarel," a charming young widow who succeeds in displacing the mother complex in the Honorable Hyacinth's mind, and offers the needed romance to his life. Mrs. May is always to be depended upon for a smooth and finished portrayal of character and has done several delightful parts with the Players and with the Orange County Choral union. The current play gives her a brief opportunity to use her lovely soprano voice, for there is a clever little song interlude in the final act.

The two ingenue roles, "Joan and Lillie Bindloss," were played by two charming girls, Sallie Coe, of Orange, and Margaret Lyon Britton, of this city, who made the best of comparatively weak parts. They were gay and vivacious, and always so smartly gowned that they might well have been the daughters of a smart English country family, as they were cast. Neither had appeared in any previous Community play, but both seemed excellent material for future productions.

Tevis Westgate as the sports-loving "Basil Malet," and Wally Grigg, as "Count Pietro Rossi," were their fiancées, but in common with every other member of the cast, their lines were so secondary to those of the title role, that they gave little opportunity for any dramatic work. Robert Horn's part of "Sir Rupert Bindloss," was a shade more important, and presented that prominent member of the association in his first major role, although he had taken minor part in "Yellow Jacket" and "The Devil's Disciple."

Tom Halliwell as "Robert," the butler, and Charles Morgan, as the footman, completed the cast.

The play was given an elaborate setting in an English country home and especially interesting were the changes wrought in this setting through the demands of "Hyacinth," when family portraits and sculptures were forced to give way to modernism. Through fortunate circumstances, George Dunham, director, was able to secure the paintings used in the play when given by a Laguna Beach cast under his direction. These were especially clever in the second act, as explained by "Hyacinth."

Perhaps the most entertaining moment in the production was reached in the second act's climax, when "Hyacinth" substituted the old-fashioned lancers for the modern fox trot which the four young people were enjoying. The graceful steps, the pretty gowns worn by Mrs. May, Mrs. Britton and Miss Coe, and the colorful setting, made a lovely picture and formed a pleasing finale to the act.

Musical numbers between acts were furnished through the courtesy of Elwood Bear, and featured Miss Betty Smedley, Miss Mary Henrietta Nau and Marion Nau in piano, flute and violin selections.

BACKS RETURNS FROM CONCLAVE

County Clerk J. M. Backs, who attended the state convention of county clerks at Sacramento on February 23 and 24, was back in his office today. He reports that of the 58 county clerks in the state, 52 were in attendance at the annual meeting.

Many measures now pending before the state legislature were discussed by the county officials. They also discussed methods of handling permanent registration and changing the pre-election registration period from 30 to 40 days as provided in the amendments adopted at the general election last fall.

They approved a measure now pending which would make it the duty of county clerks to canvass election returns, rather than the boards of supervisors, as this is now handled.

HURRICANE IN FIJI ISLANDS KILLS HUNDRED

(Continued From Page 1)

The roof of a hospital was torn off, hampering relief work among the injured and homeless.

The hurricane began the night of February 21, disrupting communications so that word of the disaster was kept from the outside world five days. Little yet is known of the devastation wrought in the remote sections of the 2300 islands.

There was no authentic news from the Da district, although it was known one entire village had been inundated.

One river rose 40 feet during the flood, destroying bridges, tramlines and roads.

Relief ships with food, clothing and medical supplies were dispatched to the interior. It was believed the death toll was confined chiefly to Fijians and East Indians.

Firm At Stockton Is Low Bidder On Building Of Dam

The R. G. Le Tournau Construction company, Inc., of Stockton, was the low bidder on the construction of the Santiago dam to be built at the fourth crossing, above Irvine park by the Serrano and Carpenter Water districts and the Irvine company. The amount of the bid was \$507,731.50. The bids ran from this figure up to over \$700,000.

There were 12 bids submitted, which were opened at a meeting of the directors of the companies held in Villa Park yesterday afternoon.

The directors have not yet officially awarded the bid to the Le Tournau company, but will go into the figures further this afternoon and probably will award the contract this afternoon.

The Le Tournau company at the present time is working on a road that will lead from Las Vegas to the Boulder dam.

substance, it was not only the right but the duty of Pulitzer's sons—Ralph, Joseph and Herbert—to dispose of the financially unprofitable newspaper properties to conserve estate assets for the Pulitzer heirs. Formal acquisition of the World papers by the Scripps-Howard interests, publishers of the New York Evening Telegram, was made just before "thirty"—newspaperman's symbol for the end—was written on the World. The newspaper, which had achieved a reputation as one of the preeminent liberal and crusading journals in the country, had been operated continuously by the Pulitzers since the family acquired it in the latter half of the last century.

Upon taking over the World assets, Roy W. Howard, chairman of the board of Scripps-Howard, paid as first installment \$500,000, said to be the largest such payment ever made in a newspaper deal in this country.

The Pulitzers, meantime, announced they would set aside from proceeds of the sale \$500,000 "to be distributed among employees under the terms of the plan to be announced later."

Paul Wright is to head the Press club of Santa Ana Junior college for the coming semester as the result of the election held last night when the club met in the college print shop. Other officers are Miss Gladys Lloyd, vice president and social commissioner, and Miss Grace Lloyd, secretary-treasurer. Retiring officers are John "Sky" Dunlap, president, Paul Wright, vice president, and Miss Margery Adams, secretary-treasurer.

Following the talk given by the new president, in which he stated that he would try to make the organization as prominent this semester as it has been during the past, the purpose of the club was explained.

"Scribes" present were Laurin Griggs, Oran Asa, John "Sky" Dunlap, Miss Gladys Lloyd, Miss Helen King, Richard Robbins, Miss Grace Lloyd, Paul Wright, Miss Audrey Teal, Grover Hendrickson, Jack Kingry and the advisor, Edgar M. Flowers.

PEOPLE OF EVERY LAND VISIT FAMOUS LOS ANGELES GLAND SURGEON

The roster of those who have only through extensive practice, availed themselves of a gland operation by Dr. Clayton E. Wheeler, 3173 Wilshire Blvd., Los Angeles, include many men and women of wide note, practically from every profession and trade, hailing from almost every state in the Union and several foreign countries.

With more than 16,000 gland operations to his credit, a number probably as large as the sum of the combined experience of a large proportion of all other surgeons in gland therapy, Dr. Wheeler brings skill and a vast experience into this work which can be acquired

One of the outstanding and surprising features of Dr. Wheeler's method of treatment is the fact that he actually is able to transplant vital glandular tissues into the patient's body without causing pain or injury of any kind to the recipient and without disturbing the patient's own glands. The Wheeler technique is so carefully worked out that the transplanted tissues, by secreting their substances into the blood, perform their duties as auxiliary glands and become a part of the organism which receives them.—Adv.

PAINT STORE WILL OPEN IN NEW QUARTERS

Ernest W. Gould, formerly owner of the Jinglewood Lumber company, has purchased the Sherwin-Williams Paint store of Santa Ana and announces the opening of a store in its new location at 303 West Fourth street.

The services of the Forty Hours' Adoration of the Blessed Sacrament opened in St. Joseph's church with High Mass and procession at 8:15 a. m. today. The choir of school children rendered the musical program under the direction of the Sisters of St. Joseph, of Orange.

The church was visited by the faithful during the day, and a special devotion with sermon and benediction will be held at 7:30 p. m. Tomorrow the Mass, pro Pace (Mass for Peace) will be offered at 7 a. m., the Holy Communion service at 6:30 a. m. The Masses on Sunday will be at 7 and 8:30 a. m. and High Mass at 10 a. m. The Forty Hours services will close with solemnity next Sunday night, and Father Maurice, O. F. M., chaplain of St. Joseph's hospital, will preach a sermon on the Holy Eucharist. A cordial invitation is given to the public to be present.

The devotion of the Forty Hours is held in every Catholic church with resident pastor each year in memory of the forty hours during which the Sacred Body of Jesus was in the sepulchre. While the devotion began in Milan, Italy, in the year 1534, it was first introduced into the United States in the year 1853 into the diocese of Philadelphia, and it was approved and confirmed by papal indults in 1866 for all the diocese of the United States.

Mrs. J. L. McFadden was announced as winner of the captain's 54-hole tournament, her second 18-hole round of 99-22-77 being the best recorded.

Class A sweepstakes, to be held every Thursday hereafter, were won yesterday by Mrs. Dora Rodgers, 108-26-82. Runners-up were Mrs. C. V. Doty, 101-18-83, and Mrs. R. W. Townsend, 101-18-86.

CONFISCATED PLANE RETURNED TO OWNER

An airplane, confiscated by Sheriff Logan Jackson and District Attorney Sam Collins, when it was found with a quantity of alcohol on the mesa in Trabuco canyon, several days ago, has been returned to its owner, Paul V. Wall, of the Ace Airport at Atlantic boulevard and Telegraph road, Los Angeles, it was learned today.

Collins said that an investigation proved that Wall had rented the plane for a 10-hour flight and that the man to whom he had rented it transported liquor without the owner's consent.

Wall is reported to have stated that the man who rented the plane had broken off a wheel of the plane and that he was on his way in to get another wheel. The man never appeared, Wall stated.

Because of Wall's innocence in connection with the liquor plane was returned to him, Collins stated. The liquor is being held in the sheriff's liquor room at the county jail.

HOPES FOR RECORD

DR. MARGARETE BAKER TO SEEK SCHOOL OFFICE

Dr. Margarete D. Baker, member of the board of education appointed to succeed Mrs. Clara Wilson, who resigned, announced today that she will be a candidate for election to that position at the coming election. Dr. Baker made the following statement:

"In announcing myself as candidate for continuation as a member of the Santa Ana board of education, I desire to avail myself of this opportunity to express my interests, training and qualifications for this civic responsibility.

"First—My interest has been, is and will continue to be primarily in the welfare of the child.

"Second—I owe no obligation and seek no favors political or otherwise.

"Third—Our school program must be determined in terms of community needs. The board is the connecting link between the education and the public.

"Fourth—I shall not permit personal or other minor issues to cloud my view of the larger objectives of better education of the child.

"Fifth—I am a graduate of the elementary and high schools of New York City and received my

medical education and doctor's degree from Cornell university, New York state, 1911. After three years internship in hospitals of general medicine and psychiatry I again returned to the public schools of New York City, as school physician for three years. Then I was called back to my Alma Mater as chief medical adviser of women students at Cornell university.

"Sixth—I have been interested as a physician and a mother in the 'Better Baby' movement and volunteered five years of my time to this work in the pre-school centers in New York City and Santa Ana.

"Seventh—I am the mother of three children, now in our Santa Ana schools.

"Eighth—I have taken courses here in California at Stanford and elsewhere in normal and abnormal child psychology during the past three years of my five years residence in Santa Ana.

"Ninth—What is gained by force, takes force to maintain, what is gained by education maintains itself. Taxation expended upon education pays the greatest of dividends in dollars and sense.

"Tenth—If sufficient confidence is placed in me to return me to office, I pledge my efforts in the best interests of our children, our schools and our city."

RUNNER AGAINST BOOZE

Drinking, especially by athletes, "doesn't pay," according to Clarence De Mar, famous marathon runner. In an address before a young people's church society he attributed his stamina to abstinence from liquor and described it as the secret of his success. "I have received for a failure to be a good fellow" and drink.

REPORT ON OIL REFINERY DUE MONDAY NIGHT

NEWPORT BEACH, Feb. 27.—When the Newport Beach city council meets next Monday night, it will again have before it the problem of the oil refinery in West Newport, which has bobbed up in one form or another at nearly every meeting recently.

The West Newport Improvement association, consisting of numerous property owners in that section of the city, has protested against the abandonment of any alleys or streets to the refinery interests, which asked the city to abandon one alley. This, however, the council denied at its last meeting.

The improvement association in its letter of protest also stated that while three property owners benefit by the operation of the refinery, some 200 are placed at a disadvantage by it, and they have reached the conclusion that the future of that part of the city lies in residential and recreational development.

Odors from the refinery are also

complained of by the association. Other property owners who protested at the council's last meeting contended that the refinery company is violating a city ordinance against odors and urged that action should be brought, and at least that the refinery's permit be not renewed when it expires June 30.

These letters were referred to City Attorney Roland Thompson. Thompson has previously given the opinion to the council that the odors emanating from the refinery did not constitute a public nuisance and that therefore the city should not proceed as such against the refinery on the nuisance charge. However, he intimated that a group of the residents and property owners in the vicinity might make the nuisance complaint good in court.

Thompson's report on the alleged violation of the city ordinance is expected to be made at Monday night's meeting.

the evening with an average of 122 for the series of classes.

The Rev. Harry Brown, who since 1916 has been a missionary in India, was the speaker, telling of the experiences of himself and wife and of their work. An attractive feature of the Sunday evening service was a song, "In the Secret of His Presence." The song was written by a Hindu woman, Ellen Lakeschumi Goreh, one of the first of her race to be converted. The song was presented as a solo by Mrs. A. G. Snow.

Announcement was made that a group of junior college "Y" men of Long Beach will have full charge of the local services next Sunday evening and besides the speakers there will be quartette numbers and other musical features.

LORENE CRODDY AND TRIOS ARE TO BROADCAST

The Orange Blossom trio, Lorene Croddy and the Novelty Boys Hawaiian trio—these artists will be present over KREG tonight from 7:30 to 8:30 p. m. on a program sponsored by the Lacy Furniture store and H. R. Trott, director of the watch and clock department.

Lorene Croddy is a well known Orange county singer and her appearance as a soloist on this program will be welcomed by the many Orange county people who have enjoyed her work. She is director of the children's hour on KREG.

The Orange Blossom trio will make its first appearance over KREG on tonight's program. This group is composed of Winfred Harrison, Charles Hively and Ed Dewa. A warm reception was accorded the trio when it sang Monday night for the Business and Professional Women's club, of Orange.

The Novelty Boys Hawaiian trio also will make its first appearance over the Santa Ana radio station and is expected to present a program which will win it

Babies GAIN when bowels are strong, regular

Baby isn't gaining his six or eight ounces a week? Constipation may be the reason. It is behind most of a baby's troubles. Colic, fretfulness, Gas. It keeps Baby from accepting or retaining the proper amount of nourishment.

Dr. Caldwell's Syrup Pepsin is good for any baby. It is a prescription for the bowels written by a famous doctor—one who attended over 3500 births without loss of one mother or baby—a record believed unique in American medical history.

Half a teaspoonful of this simple prescription often relieves occasional troubles like that in a few hours. If Baby is bottle-fed or for any other reason is regularly constipated, give half a teaspoonful daily until the little fellow is happy, gaining as he should.

The pleasant, syrupy flavor of Dr. Caldwell's Syrup Pepsin commends it to children. Its gentle action makes it ideal for women. It doesn't sicken. It cannot grip. So it is a blessing to elderly people. And it is thoroughly effective for the most robust man. All drug stores have the big bottles.

HOLD FUNERAL SERVICES FOR L. S. WILKINSON

NEWPORT BEACH, Feb. 27.—A remarkable instance of a very peaceful man showing indomitable courage and a militant fighting spirit for more than a third of a century was furnished by the life of Lawrence S. Wilkinson, Newport Beach pioneer of the pioneers, who died at his home on Newport Heights, overlooking the beautiful bay he loved, Wednesday evening, and whose funeral was held at 3:30 o'clock this afternoon at the Smith and Tuttle parlors in Santa Ana. Many business places here will be closed during the funeral services.

Wilkinson was never a robust man. Forty years ago he began railroad work, with the Southern Pacific, and 30 years ago he came to Newport Beach, given up to die. The Southern California beach climate, however, seemed to agree with him and it was not until this week that the predictions of his doctors of that time came true.

Lawrence Wilkinson was almost an institution in this city. Besides attending to the strenuous duties of agent for the Southern Pacific all these years, he was one of the most active in the entire history of the city in practically every public movement. He was the first city clerk of Newport Beach when it was incorporated on Sept. 1, 1908, and was looking forward to taking part in the city's 25th anniversary celebration on September 1, next.

Later he was postmaster at Newport Beach, and for 12 years he was a city councilman, ending his last term in April, 1928. He was always interested in library and park work, and was a member of the library board at the time of his death. He was a member of the Newport Beach grammar school board between 1916 and 1919 and at the time of his death was also a director of the Newport Harbor Chamber of Commerce and chairman of its committee on education.

Wilkinson was born in Minnesota in 1864. He was a Mason, an Elk and a Shriner and a member of the Newport Beach Exchange club. His widow, Nellie Wilkinson, is a teacher at the Newport Beach grammar school.

In accordance with his desires, the funeral services were simple. A. L. Morris, George P. Wilson, John McMillan, George Peabody, Joseph Schnitzer and J. P. Greeley, all old-timers here, were pallbearers. The body will be cremated.

Villa Park Church Arranges Musical Program March 1

VILLA PARK, Feb. 27.—Dr. W. M. Tipple will deliver the sermon Sunday morning at the Villa Park Community church. The musical program of the church is as follows:

Prelude, "Spring Song," Emil Liebling; anthem, "More Like the Master," Gabriel; solo, "Dwell in My Heart," Wansborough, by Miss Elizabeth Skiles; offertory, "Berceuse," Gottschalk; postlude, "March of Priests," Rossini.

ORGANIZER OF P.-T. A. TALKS ON WEDNESDAY

ORANGE, Feb. 26.—Mrs. C. C. Noble, of Avalon, who is known as the mother of the P.-T. A. of the fourth district, was the speaker at the West Orange P.-T. A. meeting yesterday afternoon at the school house.

Mrs. Oliver Wickersheim presided at the opening program. Past presidents were introduced and presented with bouquets by the president. Those introduced were Mesdames G. U. Straw, Waters, E. W. Gommel, Carl Sutton and Squires. Mrs. Earl Morris, program chairman of the fourth district, told what a P.-T. A. program should contain.

Mrs. Noble spoke as follows: "Mrs. Alice Burney, founder of the P.-T. A., conceived the idea at Philadelphia in 1897. She was assisted by Mrs. Phoebe Hearst, wife of Senator Hearst of California."

"The founder's day gift is used to extend the work of the P.-T. A. into districts unoccupied. For 12 years I was national chairman of the membership committee and an early state organizer for California."

"The juvenile court was one of the first objectives of the P.-T. A. The care of infants was early taken up when the death rate was one out of every four infants during the first year of their life. Over 300,000 babies died that might have been saved every year. The cause was looked into and it was found to be the lack of training of the young mothers, and poverty."

"Nathan Strauss supervised the first P.-T. A. milk stations. The death rate has been so lowered that only one infant out of 10 dies in the first year."

"The department of the children's bureau at Washington was the next objective of the P.-T. A. Mr. Caxton, United States commissioner of education, was instrumental in getting the children's bureau. Theodore Roosevelt, then in the White House, said 'This is the organization that I love best,' and opened the White House to a reception of the P.-T. A."

The Mothers' chorus gave several selections. Miss Rachel Williams led the chorus, with Mrs. C. C. Bonebrake at the piano. The numbers given were "Founders' Day," "Old Refrain" and "Copper Moon." Members of the chorus present were Mesdames Carl Sutton, James Winget, Walter Kogler, E. W. Gommel, Arch Burkett, Anna Parker, Paul Ristow, Stanfield, Horace Inge, C. Wesley Kolkhorst.

Importance Of Cities Joining Water District Told

FINLEY GIVES SPEECH BEFORE LIONS OF BREA

BREA, Feb. 27.—Col. S. H. Finley, a member of the board of directors of the Metropolitan Water district, addressed Brea Lions at their weekly luncheon here yesterday, thoroughly explaining the working of the plan and declaring himself in favor of communities joining at once rather than take the chance of being shut out, which action might result by delay. The speaker was introduced by W. A. Culp, program chairman for the meeting.

A. H. Brown, president of the Brea-Olinda union high school board, introduced Miss Lila Barbee, the young woman who on Tuesday evening, together with George Henigan, won the oratorical contest sponsored by the Toastmasters' club. Miss Barbee gave an address on "Prohibition." Harlan LeGros gave a five-minute "hobby" talk, speaking on his plans for furthering the interests of the community through the medium of the chamber of commerce.

In the absence of C. O. Harvey, Dr. W. E. Jackson, second vice-president, presided.

BISHOP VISITS LAGUNA BEACH CHURCH SOON

LAGUNA BEACH, Feb. 27.—Plans are being made by members of St. Mary's Episcopal church to welcome Bertrand Stevens and companions, who are on pilgrimage, and who will be in this city for about half an hour on March 11. Arrangements are being made by the Rev. John C. Donnell.

Bishop Stevens is accompanied by Mrs. Stevens, Bishop Robert Gooden and Dr. Royal A. Balcom, who is general missionary for the diocese. The party is making a rapid tour of the diocese, which extends from the Mexican border on the south to Santa Maria on the north, and to the Arizona line on the east. About 125 missions, churches and other institutions will be visited.

Avocados Planted On Right-of-Way Of Pacific Electric

HUNTINGTON BEACH, Feb. 27.—The last tie of the old Huntington Beach-Santa Ana Pacific Electric track has been removed and the old right-of-way will soon be eliminated. Farmers along the right-of-way have purchased the land through their farms and are plowing and leveling the right-of-way and converting it into a part of their fields.

D. O. Stewart is to plant the old right-of-way through his field with bear against the ocean breeze. Stewart may uncover a new farm industry for this section.

PETITIONS FOR ROAD WIDENING READY MARCH 3

FULLERTON, Feb. 27.—Petitions for the widening of North Spadra road will be presented to the Fullerton city council next Tuesday evening. It was announced at the noon meeting of the Fullerton Chamber of Commerce directors yesterday by R. S. Gregory and Angus McAulay, who have been in charge of obtaining signatures favoring the project.

All preliminary plans for the widening project have been completed by the city engineer's department and will be sent to the county and state engineers for approval after which state and county funds for the project will be available. Approximately one-half of the widening project expense will be paid for with state and county aid. Cost of setting back of the ornamental trees along Spadra road will be included in the widening bill for the project, it was announced at the meeting yesterday. William Schumacher, supervisor, announced that work from the state on its share of the expense of widening the road will be received within a few days.

The county will begin work on extending Commonwealth avenue westward as soon as the rainy season is over, the highway committee reported.

How to End RHEUMATISM

New Medicine Drives Rheumatic Poisons From Joints and Muscles.

EASES PAIN FIRST DAY

Poisons in the blood settling in the joints and muscles cause rheumatism. You cannot get rid of rheumatic agony till every trace of these dangerous poisons is driven out of your system. That's why external remedies and pain-deadening drugs only give temporary relief.

What you need is RU-MA, the new medicine that acts directly on the liver, stomach and blood, and expels through the natural channels of elimination the dangerous poisons that cause rheumatic misery. No long waiting for your suffering to stop. RU-MA eases pain the first day and is the one rheumatism remedy guaranteed to free muscles and joints from all painful stiffness, swelling and lameness.

McCoy Drug Store has so much confidence in RU-MA that they want every rheumatic in town to try it and guarantee money-back if it does not end rheumatism. (Adv.)

DID YOU KNOW THAT— Karel Kozeluh eats 30 meals a day, being pro champion of Europe, however, he manages to eat a most of it off Jack Curley, promoting the pro championship matches (on tour) between Tilden and Kozeluh, should be able to keep Karel from eating the door knobs, lace curtains, etc. because Curley has been dieting carnivorous wrestling behemoths for years. . . . Kozeluh, native, Czech-Slovakian, learned tennis caddy for a rich tennis devotee in Prague. . . . Karel made a wooden paddle for himself and started batting the balls back after retrieving them. . . . He is a son of a working man who toiled about his benefactor's premises. . . . when coaching the American Davis Cup team in Paris a few years later, Kozeluh used to beat Tilden, Hunter and the rest of them from meals.

THE CHAMPIONS SIGN

Even the lowly Phils have had a number of holdouts to report this spring, such as Chuck Klein, Rinky Whitney and the recruit Tony Planksky. But every man has come to terms in the camp of the champion Athletics—except Al Simmons, the business man ball player.

The willingness to agree to salaries and the speed with which contract negotiations were conducted by the A's bespeaks satisfaction on the part of the players. There is something a little odd about it, too, as Tom Shibe and Connie Mack never were ones to burden their noble athletes with ponderous pay checks.

Would the answer be that you have to pay players well to die for the dear old Phils, but there is glory in performing for a two-time champion like the A's? If that be the answer, Mr. Sim-

mons must remain as one not so particular about the glory. He will not discuss monies with Mr. Mack until the team returns to Philadelphia after the training trip.

IN OTHER LEAGUE

Branch Rickey has said that he will have no trouble in signing up the members of last year's champion Cardinal machine—except Chick Hafey. Chick is a business man ball player, too, and he always waits for the last offer. He has saved what for him amounts to quite a little pile of money. He lives frugally and could saunter along for the rest of his life on what he has laid off. But when roll call is sounded, the bespectacled Chick will be in there ready for another season. He happens to be a lad who gives the Cardinal front office its money's worth of ball playing.

JUST OVERLOOKED IT

Strange is the case of Richard Twilley Porter, the fidgety outfielder of the Indians. Early in January he was sent a contract by General Manager Billy Evans. Weeks passed with no word from Porter. He had been offered a substantial boost in pay and officials of the Indians were puzzled by his silence. Finally it was announced in several newspapers that Dick was among the holdouts.

Porter runs a sausage factory near Baltimore. When he read in the Baltimore Post that he was one of the Indian holdouts, he rushed for a mailbox with his signed contract.

"I have been intending to send in my contract all along," wrote the twitzy one, "but have simply neglected it."

A lot of holdouts are like that.

BOSTON BETTER COUNTY'S QUAIL WITH PITCHING. IN DANGER OF PUNCH FOR '31 EXTERMINATION

(This is the eighth and last of a series of articles detailing the progress of the league clubs to strength in preparation for the 1931 season.)

NEW YORK, Feb. 27.—(UP)—The Boston Red Sox in 1930 demonstrated that they would have won more games if they had had a trifle more punch and also a trifle more pitching. The finish of games. No club in the league lost more games by one run, or in the eighth, ninth and extra innings. To obviate a continuance of that hard luck, President Bob Quinn has strengthened his pitching staff and has added some punch to the team's attack. Five outfielders who averaged 300 or better in the minors last year have been purchased. They are Gene Rye of the Texas league, Ben Camp from Des Moines, McWain and Winsett of Mobile and Lucas from the Nebraska league.

Outfield Well Set
"Shano" Collins, the new manager of the Red Sox, may start his season with an outfield composed of Tom Oliver, Earl Webb and Ben Camp. Scarritt and Van Cante, however, are sure to make strong bids for regular berths.

Marquardt of Nashville and Olson, a semi-pro, are the only infield acquisitions. Marquardt batted 324 in the Southern league. Just how the infield will shape up is somewhat of a mystery.

There has been a rumor that Jack Toole, who has been an outfielder for two years, will be tried to base again. Reeves and lead will fight it out at second with Bill Sweeney working regularly at first. This would leave the hotstop job up to competition with Westler, Rhyme and Miller with Marquardt subbing at either second or third.

Good Pitching Staff
Boston will have a good pitching staff in 1931.

In addition to Danny Macfadyen, Milton Gaston, Horace Lisenbee, Jack Russell, Ed Durham and Ed Morris, the Red Sox have acquired Wiley Moore, hurling hero of the New York Yankees in 1927; John Stillheart, veteran southpaw who had 18 victories to his credit at Minneapolis; Bob Kline who won 23 and lost but 9 for Erie in '30, and Walter Murphy, a youngster from Rock Island.

The catching department will be looked after even more capably than in 1930 for in addition to Charley Berry who did most of the backstopping last year and Joe Connelly, who looks like a great prospect.

Quinn also has signed "Muddy" Ruel, veteran catcher from Washington.

MICKEY WAS STAR BOOTHER
Gordon (Mickey) Cochran, catcher of the world champion Athletics who starred on the foot-ball field for Boston University, was clocked a 55-yard goal against Brown university.

Poison spread by the horticultural office for the purpose of killing bothersome squirrel threatens instead to exterminate Orange county's quail, according to statements today by W. L. Hare, deputy state fish and game commissioner with headquarters in Santa Ana.

Hare said the situation had become so serious he had informed his superiors in the Sacramento office.

"This poison has been spread about the Irvine ranch as well as other parts of the county," Hare said. "It is killing the squirrels all right, but it is killing our quail too. The thing has gotten beyond our control."

Hare explained that in one instance he found a covey of 150 quail all dead from eating squirrel poison.

"The state of California expends \$500,000 annually in the protection of its game and does all it can to preserve it. But in this case the county is at fault. I believe I am justified in reporting the matter to the state department."

BOBBY JONES GIVEN SULLIVAN MEMORIAL

CHICAGO, Feb. 27.—(UP)—Bobby Jones, greatest golfer of his generation, has received his last amateur medal.

Before a gathering of 1500 persons, the Atlanta received the first award of the James E. Sullivan Memorial Medal at the Medinah Athletic club last night, and left for Hollywood today to begin a series of talking pictures which will forever remove him from amateur competition.

JUNIOR COLLEGE CANDIDATES OPEN BALL PRACTICE MONDAY

With practice definitely scheduled for Monday afternoon, a flock of candidates supposedly ready to take the field and a place in the conference schedule assured, baseball prospects at Santa Ana junior college were on a firm foundation today.

There was some doubt as to whether the Dons could finance a horsehide squad this year but by cutting down the budgets for all other activities, it was possible to include baseball. Coming at the same time as Coach Clyde Cooks call for practice Monday, the conference schedule was released, giving the Santa Ana their first game March 23 at Long Beach.

LONG BEACH IS FAVORED OVER LOCAL JAYCEE

Little more than a skeleton team at its best and faced with three gaping holes, the Santa Ana junior college track squad will make its opening conference appearance tomorrow afternoon at Poly field in an effort to stem the tide of the powerful Long Beach Vikings.

Coach Bill Cook was heartened at the first of the season with three or four stellar trackmen but since that time, he has had trouble finding enough men to enter every event on the card. In dual meets, the Dons are virtually defeated before the first race because they have to concede to the opposition one or two places in nearly every event.

What slim chance Coach Cook may have had were dashed today when it was learned that Warren Schutz, Oran Asa and Bob Durbin, three of his best men, would be unable to compete because of outside jobs. Schutz was the best quartermiler in school, Asa was a lone entrant in the pole vault and Durbin was a pillar of strength in the half, quarter and relay.

Captain Tom Donahue, 1930 champion in the mile and star two miler, will be the only Don in these two events while Erv Watkins, second in the state high school half-mile last year, will be the only Santa Ana runner in the two-lap grind. Watkins ran a 2:04 race last week and will be one of Cook's best bets against the Vikings.

A big battle is in the offing when Art Jacques and "Red" Linn meet in the high jump. At Pomona last Saturday, Jacques

cleared every height on his first jump except the 6-foot level while Linn took three trials on each stage and finally skimmed over the "two-yard" mark to nose out the Don. Jacques has cleared 6 feet 1 inch in practice this week. Ellwood Lindley, with a record of 5 feet 10 inches, and Henry Lange and Wayne Bartholomew, both able to jump 5 feet 5 inches, will assist Jacques.

With Schutz out of the 440-yard dash, Lee Dresser and Frank Nagamatsu will be the only Dons competing and the Japanese has no experience whatever in the one-lap race. In the shorter dashes, Bert Wilkins and George Blewitt and Joe Rodriguez will attempt to garner some points.

Doyle Gilbert, who bettered 22 feet in the broad jump last year for Santa Ana high school, is nearing 21 feet with only a week of practice. He will enter the pole vault to fill in for Asa.

Melvin Beatty is also expected to add pole vaulting to his repertoire while not tossing the javelin. The little football, basketball and baseball star is touching 170 feet every day in the spear event.

Wayne Crumrine is a fair possibility in the discus. Lee Dresser has been shifted to the shot put ring. Harry Clayton is making his first fling at discus-throwing and George Barry is trying to learn the tricks of both events. Eric Reinau, who competed last season, is slated for a geology field trip Saturday but if he can get permission to compete, will take part in the shot, discus and javelin.

YOUTH TO GET BIG CHANCE IN 1931 NET PLAY

NEW YORK, Feb. 27.—All of America's young court stars will be given a chance to land a berth on the 1931 Davis Cup squad, it was revealed today by Holcomb Ward, chairman of the Davis Cup committee appointed by the United States Lawn Tennis association.

Competition will be made keen by the probability that John Doe, the national champion and No. 1 man in the national ranking, will not try out for the team.

Ward said he had heard indirectly that Doe would play in only two or three tournaments this year and would not go abroad. It was also learned that Bryan Grant, the Atlanta youth who was ranked No. 10, had declined an invitation to compete for the team because he will be in college until the season is well under way.

Although the squad has not been selected officially, the selection committee has made tentative plans to divide the candidates into two squads. In the opening match against Mexico at Mexico City May 1, the United States probably will be represented by Cliff Sutter, Wilmer Allison and Sidney Wood, all of whom are located conveniently close to Mexico. Sutter is in New Orleans, Allison in Austin, Tex., and Wood is a student at the University of Arizona.

Johnson Off For Seattle Spring Camp

Ernie Johnson was off today to the baseball wars for the 23rd year.

The scrappy manager of Seattle's Pacific Coast league club departed for Woodland to direct spring training camp operations of the Tribe. Last year Seattle trained at San Clemente but gave up the Spanish Village grounds this season.

Johnson had in tow a rookie outfielder, Fritz Guenther, who will be remembered by Orange county night ball fans as Olive's home-run king of the National Night league last summer. Guenther will be given every opportunity to win his spurs with the Indians, Johnson said.

Although he is oldest active infielder in baseball, Johnson declared he intended to play second base regularly for Seattle this year. He broke into the game in 1909 as a member of Jiggs Donahue's famed Chicago Red Sox. He has been in baseball ever since, spending many years in the majors with the Chicago White Sox, St. Louis Browns and New York Yankees. As a Yankee, Johnson participated in several world series.

PASADENA MAY REGAIN JAYCEE TRACK LAURELS

(This article is the fifteenth in a series of track and field reviews of teams in the Junior College conference and Coast Preparatory league. Pasadena junior college, upper division prospects are examined in this installment.—Sport editor's note.)

Pasadena, once the mighty Croesus of junior college athletics, would wear ermine instead of rags once more.

Conference track and field champions in 1927 and 1928, the St. Bernards have been completely muzzled for the past two seasons. Last year they stumbled home seventh in the all-conference meet with six points. Paul Aebersold, black-haired distance ace now attending Stanford, supplied five of the six points when he led the field to a new conference record of 10 minutes 18.2 seconds for the grueling two-mile grind.

Coach Claude Hippler is making no bones about prospects this season. He has a likely looking gang in tow and doesn't care a hoot who knows it.

Berry Runs 10-Flat

A tipoff as to sprinting power Southern California College Relays at Pomona when Graham Berry won the junior college century in 10-flat. The old Muir Tech star has galloped three hundreds in even times to date and is expected to touch 8.5 in mid-season form.

Donald Record, a veteran, looms as one of the leading quarter-milers in the circuit. In a team tryout last week he galloped the quarter in 52.3 and ran a faster lap in the relays. Big things are expected of him in the 440, but he is being given no little competition by Cox, a black streak from Muir Tech.

Sammy Sands, former Coast league sprint star from Pasadena high school, joins Berry as a fleet dashman. He is already approaching 10-flat and is likely to finish one-two with the ex-Tech star in the majority of dual meets.

Pole Vault Is Stronghold
As in the sprints, the pole vault is a Pasadena stronghold. Leo Avers, state prep champion from Nebraska; Bud Holmes, former Muir Tech star; Lane Pryor, former Pasadena high captain and "Pinky" Wood are all clearing between 11 feet and 12-6. Avers and Pryor promise to be the standouts. From Alhambra comes Danny Dominguez to lead the half-milers. He galloped a 2:07 practice run the other day. With him in the 880 are Jepson and Cramer, both of Pasadena high.

Joe Goeders Contends For State Title

With the winner to be recognized by the state boxing commission as an outstanding contender for the California light heavyweight championship, Joe Goeders of Santa Ana and Lee Ramage of San Diego battle 10 rounds in San Diego tonight.

Goeders holds a decision over Ramage, having outpointed the tall San Diego light heavy in a thrilling set-to here about a year ago.

Roger Shipley, Goeders' manager, and Ted Goeders, young brother of the fighter, accompanied "Jolting Joe" to San Diego. Ted, a welterweight, is on tonight's program also.

TUSTIN CLOSES LEAGUE BASKET PLAY TONIGHT

Tustin high school goes gunning for its sixteenth consecutive conference victory tonight in a game that officially closes the Orange league basketball season. The Farmers face Brea-Olinda in Tustin's gymnasium at 8 o'clock.

Protecting a string of triumphs that began with the first contest of 1930, Coach Bill Cole is expected to start his strongest lineup despite the fact that Tustin already has assured itself of the title and the right that goes with it of representing the Orange league in divisional playoffs for the Southern California prep title.

"Hen" Thiery, "Chuck" Wetzel, Harold Spangler, Horace Rittner and Harry Holmes are scheduled to be on the floor when the whistle blows.

Brea-Olinda started the conference season like a house afire, defeating Garden Grove, Huntington Beach and San Juan Capistrano by substantial margins. The Wildcats were then upset by Anaheim, 25-26, and seemed to lose all interest in the race. Defeated in succession by Excelsior, 43-10, and Orange, 35-11, Brea-Olinda lost all chance for the pennant although rallying long enough to down Newport Harbor, 27-16.

The Brea-Olinda record hardly compares with Tustin's and the Farmers are prohibitive favorites to make a clean sweep of its league opposition with an impressive win.

The Farmers have now taken 15 league games in succession and 19 of their 22 starts for the season of 1929-30-31. In 1929 Tustin finished second to Fullerton but won 7 and lost 3.

Other games scheduled tonight may decide second place for 1931. Excelsior, tied with Anaheim, plays at San Juan Capistrano. Anaheim entertains Garden Grove. Newport Harbor travels to Huntington Beach. Orange has a bye.

Hold Funeral For Charley Parsons

LOS ANGELES, Feb. 27.—Funeral services will be held here today for Charles Parsons, the first of a long string of great sprinters produced in Southern California, who died Tuesday.

Parsons ran for U. S. C. 25 years ago, and in one season scored 50 points. He was the first man on the Pacific Coast to run the hundred in 9.4-5 seconds, and in the same meets would run the 220 in 22 seconds flat, the 440 in 49 seconds, and a lap on the relay team.

MOORE ADMITS MANY CHANGES DUE NEXT YEAR

Verifying a story published in The Register Tuesday, Harry J. Moore of Long Beach, president of the C. I. F., today admitted that a shakeup in the membership of the Coast Preparatory league, as well as in other high school conferences, is due next fall.

The Orange County league may even be affected by changes in prospect. It was reported. The Bay league, partly shattered by the graduation of Compton and Woodrow Wilson last year, may have its face lifted, too.

President Moore said that a brand new deal may be expected after the annual meeting in May of the C. I. F. Southern section, or at a special session to be held early in April.

Present League Too Large

The present Coast league is unwieldy, Moore believes. Nine teams form too large a membership but there was no alternative last year when room had to be found for other schools having parent junior college in connection. The way matters stand now, Woodrow Wilson is virtually certain to be recast for 1931-32. Long Beach authorities have demanded Wilson's transfer in order to escape inevitable competition with Long Beach Poly.

Fullerton and Compton are fairly sure to withdraw from the circuit. They have found that new playmates have not enriched their treasuries enough to compensate for repeated athletic liddings.

New Circuit Proposed

There is a remote possibility that Santa Ana will clear out of the league also. In this event, it is reported, a brand new conference will be organized to include Woodrow Wilson, Fullerton, Compton, Santa Monica, Inglewood, Redondo Beach and Santa Ana. Santa Monica, Redondo and Inglewood are in the Bay league now.

More probable, however, is a reorganized Coast league in which will be Long Beach Poly, San Diego, Alhambra, Glendale, Pasadena, Santa Ana and Whittier, the last school being anxious to return to its first love after two years of easy competition in the Foothill league.

Rumors are also given credence that affiliations between the junior colleges and high schools in reference to similar schedules will also be abandoned.

James will also compete in the high jump, along with Craig, formerly of Pasadena high.

Prospects Improved

Lewis Peters, another promising youngster from Moor Tech, leads the weightmen. Add the names of Medina and Hooker in the two-mile; Bear, a reputed 10-flat entry man from Citrus; Howard McDuff, South Pasadena broad jumper; ace; Walker, a 4:45 miler and rowers in the weights—and Pasadena hopes are duly summarized.

One thing is certain—Pasadena will cut a much deeper swath in the Jaycee point totals this year than last, with championship power present in all of the dashes and the sole vault.

How Weak Nervous Women Grow Stronger

Feel Better, Look Younger and Have Steadier Nerves

If you only knew—you rundown, anemic women—who are dragging yourself around on your "nerves"—what a wonderful increase in strength and health Tanlac will give you, you wouldn't hesitate a moment about going to your druggist and getting a big bottle of this splendid medicine.

Mrs. Dora Robillard, of Bellingham, Mass., R.F.D. 1, Box 17, says: "I had no digestion nor appetite. Sick headaches laid me up in bed three days at a time. I couldn't even do light housework. Now I do all our cooking and washing in addition to the other work."

Tanlac is as free from harmful drugs as the water you drink—only Nature's own medicinal tonic herbs. Druggists know this and for the past 10 years have recommended it to men and women who need a quick "pick up" that will put them on their feet and give them a new interest in life.

So confident are the makers of Tanlac that if you are not helped by it, you get your money back on request.

Sunday Named As 'Santa Ana Day' At Mission Play

Next Sunday will be Santa Ana day at the Mission Play in San Gabriel. This drama of mission history in California, written by John Steven McGroarty, is now in its twentieth season and the performance next Sunday will be the 212th that has been presented.

R. D. MacLean plays the part of Fray Junipero Serra, who founded the Franciscan missions in this state.

The Mission Play is given in a new theater located near the old San Gabriel mission. The drama is presented in three acts, the first depicting the struggles of the Spanish pioneers in founding the mission civilization. The second act portrays mission life in its glory here, while the third tells the story of the missions in ruin.

FOUNDED 16 YEARS AGO.

The growth of Van de Kamp's Holland Dutch Bakers has been phenomenal and is directly attributable to the high ideals and fine principles held by the founders, Mr. Theo. J. Van de Kamp and Mr. Lawrence L. Frank.

Sixteen years ago, in a little 8-foot store next to the old Saddle Rock Cafe on Spring Street in Los Angeles, two brothers-in-law, Mr. Frank and Mr. Van de Kamp, started their business with the slogan "Made Clean, Kept Clean and Sold Clean." Their policy has never varied. They give as meticulous attention to details in baking and sanitation today with their chain of over 100 stores and four baking plants, as they did 16 years ago in their little 8-foot shop, which sold only Saratoga Chips.

COURTEOUS SERVICE.

Mrs. Frank, formerly Miss Van de Kamp, designed the trig blue and white costume now worn by all Van de Kamp salesladies. Van de Kamp smiles and courteous, careful service have become famous.

Relic Of Santa Ana's Pioneer Days Is Dismantled

56 YEAR OLD
NOAH PALMER
HOME PASSES

Where once stood the grand old home of Noah Palmer, pioneer resident of Santa Ana, today stands only the ghost of a house. Its walls are dismantled, its roof the grey morning skies—it is only a bare skeleton now, an aged shadow of the fair structure which was built on the corner of Pine and Broadway by Noah Palmer over a half century ago.

Since 1875 the house has been the home of some of the Palmer family, that is, until three and one-half years ago, when Lottie E. Palmer, a daughter of Noah Palmer, died. The house now belongs to Mrs. George J. Mosbaugh, the last of the Palmer family. Work to demolish the house was begun two days ago. So well was the house built that the lumber is to be used in the erection of another house.

It was a beautiful old house, with one of the most remarkable beds of petunias in the city on the south side of the yard. Wisteria vines covered the entire 50 foot tree that stood to the south of the house and blossomed out with a curtain of purple blossoms each summer.

Noah Palmer came to California in 1849, the time of the gold rush, with the Isaac Owen missionary train, crossing the plains from Indiana in a covered wagon. He came here with the intention of mining, but found the work too strenuous for him and became interested in farming. He purchased 700 acres in Orange county in 1874, 123 of which were within the corporate limits of the city of Santa Ana. After building his home on South Broadway, he subdivided the remainder of his land into town lots in what is now the center of Santa Ana. He died in January, 1916.

PROVISIONS OF
COUNTY WATER
BILL OUTLINED

Powers given the Orange county water salvage and replenishment district, formation of which is proposed in legislation now pending under a bill introduced by Assemblyman Ted Craig, will enable the greater portion of Orange county to unite in protecting its water resources and take necessary steps to bring additional supplies to replenish its dwindling stock in the underground basin.

The act, which is special legislation applying solely to that portion of Orange county which lies within the Santa Ana river water shed and draws its water from the Santa Ana river basin, is an enabling act, according to Attorney Horace Head, who with A. W. Rutan drew up the measure, to provide legal power for the district to take certain steps if it is deemed advisable to proceed with them.

Under the provision of the act granting the district power to salvage and reclaim waste water, it would be possible to make use of sewage and drainage water, or any other water which is now being wasted. This contemplates construction of a sewage and waste water treatment plant in the vicinity of the septic tank near Talbert where sewer lines from Santa Ana, Orange, Anaheim, Fullerton, Garden Grove, Placentia and La Habra terminate in the outfall sewer line. The plant would remove the solids, which it is contemplated would be used as fertilizer, and the water would be sterilized and purified so that it would be fit for use, and piped back up the valley to be discharged in the river bed near Yorba.

Treatment plants for reclamation of sewage water are being operated successfully at low costs in various points, including Pomona, it is learned. Those familiar with the process say that the water is so treated that it is safe for domestic use, although the plan in Orange county only contemplates use of this water for

irrigation purposes.

In commenting on the bill yesterday, Head said that there is an estimated constant flow of 500 inches of water through the outfall sewer which could be saved for use. In the same vicinity with the proposed location of the sewage treatment plant, are many drainage ditches which at times carry large volumes of water into the ocean, it is said. This also is planned to save and use.

The provision of the act giving the district power to import water from outside the district, it was pointed out by the attorney, would enable the entire district to contract for water from the Colorado river and thus bring in a new source of water to aid in re-

plenishing the waning supplies on which the agricultural prosperity of the county is dependent.

Another power given to the district—that to take necessary steps to prevent the waste of water—would enable the district to control use of water and would give access to the problem of waste of water which it is claimed is now being practiced by gun clubs of the county. This practice, it is reported by committees who have investigated, result in keeping a large acreage under fresh water from a depth of 6 to 18 inches. The Orange County Farm bureau has long fought this use of water by gun clubs and has a bill before the legislature now which is designed to enable handling of the problem to its satisfaction. It is believed, however, that the support of the Farm bureau will be swung from that measure to this more comprehensive act.

Further power given to the district in the bill is to prevent the unlawful exportation of water from the district. This would enable a fight against intrusion of outsiders in the basin of the Santa Ana river and is aimed specifically at actions such as that of the city of Long Beach, which recently purchased some 75 acres of water bearing land in Orange county to bolster the dwindling water supply of that city.

"It is not known that all of these things will be practical or will be invoked," Head said in commenting on the bill, "but those familiar with conditions relative to water supply and needs know that the time is approaching when some such measures will have to be taken, and we are getting ready."

SARGON BRINGS
NEW STRENGTH

"I suffered with indigestion and what some people call 'toxic pains' all through my chest, sides and shoulders for over three years," declared Mrs. Nellie Fallenberg,

MRS. NELLIE FALLENBERG

3739 Atwater Ave., Los Angeles. "My nerves were all to pieces; I couldn't sleep good and got up in the morning with my tongue terribly coated."

"The feeling of new strength that came over me when I began taking Sargon was perfectly wonderful! The liquid gave me a grand appetite and freed me entirely of indigestion; and as the Sargon Pills cleared my system of poison, the coated tongue and every pain and ache I had disappeared. I'm not nervous any more; sleep fine and feel like a different person."

HISTORIC SPOTS
IN COUNTY ARE
TO BE MARKED

Two historic events in the romantic history of California and Orange county which took place in or near San Clemente, will be marked next week by appropriate plaques by the Southern California Historical society. On July 22, 1789, Don Gaspar de Portola and his picturesque band of 64 approached the outskirts of what is now San Clemente and it was on that day that Christianity was given birth in California with the first baptism.

During the California war days Commodore Stockton, in command of the American force marching north to take Los Angeles, refused to parley with William Workman and two other representatives of the California-Mexican army and the refusal cost him the honor of receiving their surrender. This conference was held where San Clemente now stands.

These two events will be marked by the Auto Club of Southern California caravan next week, according to Mrs. Marquette Eyre Wilbur, Long Beach representative of the Southern California Historical society in the project.

The auto club caravan will confer with Mayor Thomas F. Murphy in placing the marker commemorating the birthplace of Christianity. As this took place in what is known as Christians Canyon about four miles inland from the southern boundary of the city the plaque will be erected on the state highway in a special plot of ground just over the San Diego county line in Orange county.

Should no plaque be available for the Commodore Stockton-General Kearney conference, which took place in San Clemente, the San Clemente Chamber of Commerce will seek the right to raise money for the purchase of such a plaque, which will then be erected on the outside of the building now housing A. Travaglini's cafe, San Clemente, by the historical society. Sanction for such a drive is now being sought from Mrs. Wilbur.

This is merely an enabling act, no provision of which is mandatory, and provides the machinery and the power to do things which Orange county and the present flood control district are unable to do."

The greater portion of the county is included in the boundaries of the district, according to the framers of the act. Territory in the northern section of the county, including La Habra and Brea will be excluded, as will territory to the south, including El Toro and San Juan Capistrano, as they lie outside the watershed of the Santa Ana river.

The measure was drafted at the request of Farm bureau officials, for many water users in the district and the board of supervisors, Head said. It sets up an organization similar to that of the Orange county flood control district, with the supervisors constituting the board of directors of the district, and other county officials acting as officials of the district.

Financing of the activities of the district is authorized in the measure by voting bonds for costly projects and by a tax of not more than 10 cents per \$100 assessed valuation to be levied by the board of supervisors for general funds as required.

The vessel is now at the Norfolk, Va., yard, where it has been out of commission since 1923. The original cost and operation during her 14 years is estimated at nearly \$25,000,000. Yet, the warship has never fired a gun in anger.

It Had to be
a Good Tire
to Succeed Like This—

Five years ago the ALLSTATE Tire was unborn. Today one out of every ten tires sold at retail is an ALLSTATE. An achievement unmatched in tire history.

Of course, ALLSTATE is priced unbelievably low—dollars lower than any comparable tire. Sears' economical method of distribution takes care of that. But price alone could not account for such success. IT HAD TO BE A GOOD TIRE.

It is easy to understand why ALLSTATE is so good. It was designed especially for Sears by the country's foremost engineers and tire designers. Every worthwhile tire has been torn shred from shred to find out its strengths and weaknesses, and the benefit of that knowledge has gone into ALLSTATE.

It is made especially for Sears by the country's foremost tire manufacturer—and the only tire that can compare with it is the one made by that manufacturer under his own name. It is more than a coincidence that the two tires that have had the most outstanding sales records during the past few years, have been products of the same engineering and manufacturing genius.

Little Lad Arrives To Cheer Saddened Homes

Bringing with him the cheer and promise which were so much needed in his family, so recently bereaved through the death of Fred Raftery, little Ronald Edmund Raftery arrived Tuesday at St. Joseph's hospital. He is the son of Mr. and Mrs. Fayette Raftery, 408 Harwood place. Prior to her marriage, his mother was Miss Mary Louise Budrow, daughter of Mrs. Fred Raftery, better known professionally as Madame Manuela Budrow, Ronald Edmund is Madame Budrow's second grandson, the first having been born to her son and daughter-in-law, Mr. and Mrs. Ronald Budrow of San Francisco. Already, the many friends of the families have the hope that the little lad will inherit the famous artist's beautiful voice.

Ronald's birth brought the seventh grandchild to Mr. and Mrs. Justus Raftery, parents of the proud father. The other children have been born to their son-in-laws and daughters, Mr. and Mrs. W. W. Perkins Jr. of Garden Grove, and Mr. and Mrs. Lowell Dunham of Long Beach.

Wedding Ceremony Is Surprise Climax of Dinner Party

Guests who assembled last night in the home of Dr. and Mrs. George A. Warner, 613 Spurgeon street, in anticipation of an informal little dinner party, found a romantic surprise awaiting them, for at the invitation of their hosts they adjourned to the First Methodist church where they found Miss Alice M. Whitlock of Ontario, Can., and A. H. Theal of this city, in readiness to exchange marriage vows. Little had the guests suspected that the interesting evening was to begin in this manner.

Dr. Warner led the way to the bride chapel where he officiated at the quiet ceremony. The altar was banked with baskets of gladioli and stocks in tints of deep rose, and forming a radiant background was the stained glass window, illuminated for the occasion. Miss Whitlock was a very attractive bride in her ensemble of tan flutes, crepe, enhanced by touches of wood-brown fur. Her hat and other dress accessories were in matching shades and she carried a cluster of perfect pink roses.

Immediately following the ceremony, Mr. and Mrs. Theal invited the guests to the Rose Arbor Inn for dinner. On arrival it was found that one of the upstairs rooms was set for the affair, and lovely indeed were the palms and ferns forming a bow of greenery mingled with a profusion of pink-hued spring blossoms. The delicate color motif was carried out at the table where tall candles were softly glowing. A seven-course dinner was served, and coming as the climax to the delectable menu was the tiered wedding cake, iced in white and topped with orange blossoms and rosebuds. This was cut and served by the bride.

After an informal reception, Mr. and Mrs. Theal left for a northern honeymoon by automobile. On their return they will be at home to their many friends at 2525 Santiago avenue where Mr. Theal has made his home for some time. He is a well known rancher of the county, and for several years has been superintendent of the First Methodist church school.

Present at the wedding and dinner were the bride's uncle and aunt of Los Angeles, Mr. and Mrs. P. M. Litterer, Mr. and Mrs. R. M. Miller, Dr. and Mrs. George A. Warner, Mr. and Mrs. R. L. Matthews, Mr. and Mrs. W. R. Freeman and Mr. and Mrs. James Hughes.

Mrs. Hersher Plans Surprise Party For Her Husband

Mrs. J. J. Hersher complimented her husband with a surprise dinner party in honor of his birthday anniversary last evening when she entertained in their home at 1148 South Van Ness avenue. St. Patrick's day provided the motif for the evening, and centering the table was a delicately cut green crystal tree. Other appointments were in the same vernal hue.

Hearts were chosen as the game of the evening, and after an interesting session, Mrs. Charles Atwood received a clever incense burner for holding high score. Mr. Atwood upheld men's honors, and was rewarded with an ash tray.

Guests of Mr. and Mrs. Hersher were Mr. and Mrs. Alwood, Mr. and Mrs. Lyman Nelson, Miss Jane Crawford, Miss Mildred Lukens, Victor Valley and Victor Raney.

Pledges enjoying the evening were the Misses Lucille Crawford, Jane Cunningham, Helen Campbell, Elizabeth Skiles, Edith Bailey, Kathleen Covern and Velma Witt and members present were the Misses Marie McGinnis, Dulcie Green, Helen Estock, Geraldine Cole, Joanna Day, Vernell Butler, Marcia Elliott, Evelyn Parks, Eleanor Wiesner, Ruth Brubaker, Elizabeth Rinkler and the advisor, Miss Zena Lock.

Bunko Party Held In Attractive Ranch Home

Entertaining in her attractive ranch home recently, Mrs. Henry Wagner was hostess to members of the Tuesday morning gym class. Bouquets of fruit blossoms ranging in tints from pale pink to deep rose were used to deck the rooms where bunko was enjoyed.

Results of the interesting game showed that Mrs. F. C. Latham held high honors and Mrs. Fred Dues, low. Mrs. John Harrison received a special prize. Late in the evening refreshments were served, and appointments were carried out in the popular red, white and blue color scheme.

Those present, other than Mrs. Wagner were Mesdames A. G. Granas, F. C. Latham, R. Woodruff, S. A. Machander, I. L. Vanspire, F. Richards, R. H. Snyder, John Harrison, Edith Gardner, Mabel Gowdy, W. F. Davis, Henry Almas, Clara Walton, Clarence Vogle, C. W. Holister, Fred Dues, Lee Bryant, U. del Underwood, Robert Baum and R. E. Thimble Club Fetes Recent Bride With Many Gifts

In honor of Mrs. D. W. Ellis, who prior to her marriage of a short time ago was Mrs. Myrtle Jackson, members of the Native Daughters' Thimble club met yesterday afternoon in her home on East Seventeenth street.

Mrs. Ellis was presented with an array of kitchen utensils and linens for her new home in Greenville. Guests devoted most of the afternoon to hemming towels and table linen to present to the honoree.

A pleasant social time followed, and the hostess served a dainty refreshment course at tables decorated with bouquets of pink spring flowers and pastel-tinted nut cups.

Those present, other than Mrs. Ellis, the honoree, and Mrs. Marcella, the hostess, were Mesdames Alta Marsile, Genevieve Hickey, Mary Moore, Lena McDugan, Ruth Anderson, Ina Cope, Florence Watson, Elva Selvidge, Marian Crum, Olive Selva, Gertrude Carter, Margaret Selvidge, Hannah Kerr, Eva Price and a special guest, Mrs. Claude Kuebler.

Relief Corps

One hundred members and friends of Sedgewick Women's Relief corps No. 17 were present at the luncheon held Wednesday afternoon in the Knights of Pythias hall. Mrs. Elizabeth Birkhead was in charge of dining room arrangements, and the tables were prettily decorated with flags and other patriotic symbols. Mrs. Mary Marston was in charge of the committee planning the luncheon.

An interesting program was given, one of the first numbers of which was a poem, "The Boys in Blue" read by Mrs. Sarah Brown. Mrs. Kate Johnson planned the numbers. Preceded by selections by the Cozad Drum corps, the Rev. W. S. Buchanan, pastor of the First Christian church, gave a talk on Abraham Lincoln and George Washington. Mrs. Emma Chapman and Mrs. Estelle Grey sang "The Patriot's Song," accompanied at the piano by Miss Carrie Seaton. Miss Etta Hale gave two readings, and Mrs. Cora Graham concluded the program with two vocal solos.

During the regular meeting held at 2 o'clock, Mrs. Sarah Brown, president, was in charge. All officers were present, as well as 28 members and six visitors. It was reported that 45 calls were made on the sick and shut-ins, and that 14 bouquets were distributed. Eighty-two dollars was spent for child welfare work.

Mrs. Bessie Fitzpatrick, president of the Anaheim corps, was among the guests in attendance, and gave a short talk. Mrs. Estelle Grey, of the federation chairman of the department, asked that all corps members and comrades who can possibly do so, go to Hawthorne March 4 when Federation No. 5 will hold a meeting. Mrs. Grace Willard, president of the federation, is planning a special program for the observance of Grand Army day at that date.

The next meeting of the corps will be held March 11.

College Mothers Meet For Luncheon In Claremont

That very pardonable pride which a group of mothers felt back in 1917, in their sons and daughters who were graduating from Pomona college at Claremont, was revived yesterday when one of the semi-annual reunions of class mothers was held in Claremont, with Mrs. Russell entertaining in her charming home.

The 1917 class paid a wonderful tribute to mothers of the members by making them honorary members of the class at the time of graduation, and in the intervening years, these honorary members have held the most enjoyable semi-annual reunions, meeting in the college town. At yesterday's enjoyable luncheon planned by Mrs. Russell, Mrs. George S. Smith of 916 French street, and Mrs. Fred W. Mansur of 120 East Washington avenue, motored up to join over a score of sister-members of the group. Included also was Mrs. Emma Wallace, formerly of this city, whose son, Bruce Wallace, was a member of the graduating class.

Mrs. Smith's daughter, Georgia Smith, is now Mrs. Rodney Atsatt of Santa Barbara where Dr. Atsatt is one of the prominent young physicians. Mrs. Mansur's daughter, Mabel Mansur, now Mrs. Walter Woods, is living within 50 miles of Lake Tahoe, where her husband, Mr. Woods, is engaged in sheep ranching on a large scale.

An especially enjoyable feature of yesterday's festivity, was the afternoon spent at the beautiful little theater in Padua Hills, where the guests were accompanied by Mrs. Lee Mahoney of Claremont, whose husband was designer and builder of the theater. Mrs. Mahoney was Miss Irene Beatty, formerly of this city.

Plans were made during the course of the luncheon, for a gala reunion in June when members of the 1917 class will return to their alma mater for the graduation ceremonies. At that time the "honorary members" of the class will accompany their sons and daughters, and many happy plans are anticipated for the interval. Giving unusual distinction to this membership so generously accorded the mothers, is the fact that the case is without precedent in Pomona annals, the 1917 class having been the first and only one to do such a beautiful thing.

Merry Group Meets For House-party At Seaside

One of the many enjoyable parties held over the week-end when the Washington's Birthday holiday gave an additional time for outings, was the house-party planned by Mr. and Mrs. Eugene A. Robinson of 1802 Spurgeon street.

Mr. and Mrs. Robinson and their little daughter, Jeanne Louise, asked a group of friends to share their hospitality at a sea-front cottage in Laguna Beach, where beach sports and outings were varied with dancing and bridge.

In the party were Mr. and Mrs. Robert Steinberger and small daughters, Nancy and Rena; Mr. and Mrs. Richard Couden and Mr. and Mrs. Richard Huntley and son Douglas. The four couples form a little group meeting for an occasional evening of bridge, so they took the opportunity to stage one of their bridge dinners as one feature of the outing.

Baptist Women Give Colonial Tea In Rinard Home

The hospitable home of Mrs. J. D. Rinard in Tustin, was the setting for a lovely affair this week when the Woman's society of the First Baptist church held a Colonial tea. Arrangements were in charge of Mrs. William Rohrbacher and her committee.

Quantities of vari-colored blossoms from the Rohrbacher and J. J. Harrison homes were used to decorate the rooms. As many of the guests appeared in colonial costumes, the scene was indeed a picturesque one. Especially delightful was the costume worn by little Barbara Ruth Elliott, two-year-old daughter of Mr. and Mrs. Ivan Elliott.

Opening the program, Mrs. M. Phillips and Mrs. Frank Harris sang a group of old-time songs. Mrs. J. P. Williams sang "Sweet Genevieve," and Miss Irene Caldwell followed with a waltz solo, accompanied at the piano by Miss Mayne Havens. Mrs. Charles Fisher concluded the interesting group of numbers with several readings.

As the occasion marked the birthday of Mrs. Harry Evan Owens, wife of the pastor, she was presented with a beautifully decorated cake topped with lighted candles. In her honor was an original song sung by a group of women, as well as a vocal duet given by Mrs. L. C. Fairbanks and Mrs. James Tarpley.

Tea was served at a pretty appointed table spread with a filmy lace cloth, and presiding at the tea and coffee urns were Mrs. L. C. Fairbanks and Mrs. Fannie Reeves. They were assisted by

Former Santa Ana Girl Weds Scotsman In "Wee Kirk"

Details of the wedding of Miss Josephine Taylor, daughter of Mr. and Mrs. F. W. Taylor of Los Angeles, formerly of this city, to George Greig Webster of Scotland, will be intensely interesting to the bride's Santa Ana and Orange county friends. The ceremony was an event of last night in Glendale, where it seemed highly appropriate that it should find its setting in the Wee Kirk of the Heather, considering the fact that Mr. Webster arrived so recently from the heather clad mountains of his native Scotland.

Many Santa Ana, La Habra and Los Angeles friends were assembled for the function, for which the bride was lovely indeed in formal wedding gown of ivory flat crepe with a flowing veil caught with orange blossoms. She wore a beautiful crystal necklace brought by Mr. Webster from Scotland, a cairngorm brooch, sent by his mother, and when, in the course of the ceremony the wedding ring was slipped on her finger, it too had been brought from Scotland by the groom. Miss Taylor entered the church on the arm of her father who later gave her in marriage.

Two little maids in dainty frocks, Betty and Mary Catland, served as flower girl and ring bearer. Miss Gladys Turner of Los Angeles, was smartly gowned as maid of honor; William Webster was his brother's best man, and Alfred Catland and Robert Downie were ushers.

Following the ceremony, the guests assembled in the home of Mr. and Mrs. Taylor in Los Angeles where a wedding reception was held. After the reception Mr. and Mrs. Webster left for Feather River Inn, stopping en route for a few days' stay in San Francisco.

The bride is the youngest daughter of Mr. and Mrs. Taylor and had resided in La Habra for 12 years before the family moved to Los Angeles. She was a graduate of Fullerton high school, attended Fullerton junior college one year and later graduated from Woodbury Business college in Los Angeles. She was an active worker in the junior auxiliary of the Woman's club while at La Habra. Her father was a merchant at La Habra and a former city judge of La Habra.

Her husband is the son of Mr. and Mrs. John Webster of Elie, Fife, Scotland. He has just returned from an extended visit with his parents there. He is a golf enthusiast and is the green keeper at the Feather River Inn in Plumas county where the young couple will make their home.

FOR ANY CHILD

CHILDREN are happy and carefree by nature, so when they cry for no apparent reason any careful mother worries. No one can always guess just what is wrong but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation and not the slightest harm in its frequent use. As often as

baby has a fretful spell, is feverish and cross and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes it is constipation. Just keep Castoria handy and give freely for any of the above conditions; relief will follow promptly.

All through babyhood, Castoria is a mother's standby, and wise mothers do not change to stronger medicines as the child grows older. Just increase the dose of Castoria and keep the youngster's stomach sweet and the bowels in good order.

Jaysee Bachelors Are Completing Plans For Gala Ball

Regarded as the outstanding social event of the year at Santa Ana junior college, the sixth annual Bachelor ball will be held Saturday night at 9 o'clock in Lake Norconian clubhouse near Corona under the auspices of the Brotherhood of Bachelors, pioneer men's service club of the college.

Warren Schutz retiring grand exalted of the organization and newly elected sophomore president, is in charge of dance plans. He is also supervising the third annual Bachelors' banquet, which will be held preceding the dance on the terrace of the Norconian club for members and their co-ed friends. At this time, new officers of the club will be inaugurated.

Nearly 200 students and alumni will attend the annual dance in the main ballroom of the exclusive resort. Music will be furnished by Joe Lindbaum's Coconut Grove nine-piece orchestra from the Breakers hotel, Long Beach. Elaborate decorations have been prepared and programs printed in silver, black and scarlet. The motif of the ball and banquet will be one in which the traditional rolling pin of the Bachelors and Washington's birthday symbols will be cleverly blended.

Committees for the dance include Wayne Flinn and Everett Idler, music; George Griffith and Tom Cone, advertising; Edwin Watkins, Warren Schutz and Kiyoshi Higashi, programs and place cards, and Joe Crawford, ticket selling. Sheldon Hayden, instructor in public speaking and faculty adviser of the Bachelors, will act as toastmaster at the banquet.

New officers to be installed are Wayne Flinn, grand exalted, George Griffith, senior exalted, George Blawie, junior exalted, Joe Crawford, keeper of the writ, Paul Bruce, member at large and Harry Clayton, Bachelor bouncer. Outgoing officials are Warren Schutz, grand exalted, Bob Williams, senior exalted, Tom Cone, junior exalted, John "Sky" Dunlap, keeper of the writ, Orville Schuchardt, member at large and Wayne Bartholmew, Bachelor bouncer.

The MIXING BOWL by ANN MEREDITH

Another Breakfast Fruit Idea

The serving of the daily portion of fresh fruit at some meal other than breakfast was discussed in this column last Tuesday. I have still another bright idea to bring to your attention: We know that apart from flavor, the chief reason for serving fresh fruit at breakfast is to get the mineral elements and vitalizing vitamins. Eggs, toast, cereal, milk and coffee, supply the fuel needed to keep the bodies moving until lunch time, but fresh fruit, with its vitamins and alkaline mineral elements, is the match we must apply to light the fire to make steam from the eggs, toast, et al.

In the morning rush the careful preparation of oranges or grapefruit isn't always possible. My suggestion is this: prepare a pitcher of mixed fresh fruit juices that will do for two days. At the same time make up a good amount of tomato juice cocktail.

Put both fruit juice and tomato juice in pitchers on a tray with glasses and let the family take whichever they please. It will surprise you how well the tomato juice goes for the morning vitamin beverage, especially with the male side of the house.

I like this way of preparing the tomato juice: buy two large cans and press through a sieve. To this amount add the juice of two lemons, about a teaspoonful of celery salt, a scant teaspoonful of sugar, a little pepper, pinch of cayenne, and salt to suit the taste. Chill and stir up before serving. In this combination are to be found the important vitamins for conserving health, and the alkaline minerals so necessary for the digestion of the usual breakfast.

4 eggs
4 tablespoons sugar
1 cup powdered sugar
1 cup shredded coconut
1 teaspoon lemon extract.

Line the pan with paste, press another tin of like size over the paste and set the pastry in a very hot oven so that the crust will not soak into the crust (the extra tin keeps the paste from slipping).

Set aside two of the egg whites for the meringue, beat the remainder with the sugar and lemon extract until very frothy, add heated milk while beating, a pinch of salt, and then turn into the pie shell and bake about 20 minutes in a moderate oven.

While the custard part is baking, whip the two whites very dry, add sifted powdered sugar and coconut, these to be carefully folded in so that the stiff whites will not be broken down. Spread over the hot pie and bake just long enough to brown the meringue.

Cut into six sections this pie serves that number of people at a caloric cost of 340 per piece. While custard pie is valuable for its protein content, the other energy making ingredients make it definitely a fuel food.

It is described in the leaflet for this week and it is offered free of charge if you will just send in a stamped, self-addressed envelope for mailing it back to you.

Reaching for the stars is the most wonderful of all reducing exercises. I watched it being tried out on a fair-and-fat 40, whose waist line resembled nothing like a willow wand, or a lily swaying on its stem. But the way it began to bring down her weight after one week made me open my eyes and realize that here was the exercise we had all been looking for—a sort of a hole-in-one.

Sweet Potato Waffles will be used for tomorrow.

Will Rogers' film continues its run.

Will Rogers was a hit in "They Had to See Paris," he was a scream in "So This Is London" and in "Lightnin'" current attraction at the Fox West Coast theater, he is a riot. "Lightnin'", adapted from John Golden's internationally successful stage success, affords Rogers rare opportunities for humor, and he is perfect in his portrayal of the whimsical, indolent, tipping old lady and splendid support is furnished by Louise Dresser, as his wife and Helen Cohan in the role of the daughter.

There's a whole of a Western drama at Walker's State today and Saturday. It is "The Code of Honor" and features Mahlon Hamilton, one of the most popular and talented players of talking roles before the camera today.

BOO! GHOST! DUBLIN—Irish banishes and evil spirits are shunted into the background in the vicinity of Coolock, four miles from here. A midge female ghost is terrorizing the country. Those who have seen the apparition say that she is of a diminutive size and her face is lost in a haze. She utters wild, unearthly cries. One woman has

been sent to a hospital as the result of the fright she received in seeing the supposed ghost.

"NEW MOON" OPENS WEST COAST TODAY

Metro-Goldwyn-Mayer's long awaited adaptation of the New York stage success, "New Moon," with Lawrence Tibbett and Grace Moore in the leading roles, will be the attraction at the Fox West Coast theater starting today for three days.

The story tells of a young lieutenant who meets a princess while conveying his troops on a steamer across the Caspian Sea to Turkestan. They fall in love. She is engaged to the governor, Tibbett's superior officer, who when he discovers the affair transfers the lieutenant to a dangerous post hoping he will be killed. The princess follows on the eve of a Turkoman attack. The governor delays reinforcements but the officer and his men save the day and a wedding of course, is the result.

Dramatic highlights are the discovery by the governor of the love affair; the battle; the lieutenant's stirring appeal to his soldiers; and his quelling of a mutiny; the horse-whipping scene, and the upbraiding of the flitting princess in the great ballroom sequence.

NEW VAUDEVILLE AT WEST COAST TODAY

Five big acts of vaudeville are seen in the opening of a new program at the Fox West Coast theater today.

The new picture for the new show, which will run today, Saturday and Sunday is "New Moon," starring Lawrence Tibbett and Grace Moore.

"The Five Rhythm Girls," stars of music is one of the big acts on this week's bill, while "The Scoville Sisters," sensational acrobatic dancers is another. The California Whirlwinds, skaters, La France and Garnette, comedy act with dancing and Luciana Luca make up the remainder of the program.

"CODE OF HONOR" AT WALKER STATE

So-called outdoor pictures seem to have an undying appeal. Society dramas come and go; crook pictures have had their day; "sex" pictures sell for a while and then die out, but the out-of-doors drama goes right along retaining, apparently for all time, its place in the affections of the theater-going public.

Much time has been spent in planning the program. Dancers and entertainers from Long Beach will take part in the affair and local talent will also be employed.

Prizes have been donated by many of the merchants. The show will be given in the elementary school auditorium and a large crowd is expected. Post-commander H. A. Russell is chairman of arrangements and he is being assisted by J. H. McGaugh.

Detective Talks At Club Session

LA HABRA, Feb. 27.—Nick Harris, well known detective and radio entertainer was the speaker at the regular noon day luncheon of the La Habra Kiwanis club Thursday noon. He had with him three radio entertainers. Mori Schott, the boy from Indiana, with his guitar, and Johnnie Stumble and Eddie Fall, tenors. They presented an interesting musical program including such numbers as "Me and My Old Guitar," "Dad and Me" and "Sleep, Baby Sleep." Harris spoke on the radio as a means of education.

At 2 o'clock he spoke at a special assembly at the Washington school at which the upper grades were present as well as many of the parents. The musicians also favored with music at that time.

Now playing closes Saturday.

DISTRIBUTION WITHOUT WASTE

Killing Foods is Serious Business

When you come to think about it, dealing in foods is serious business. Foods are necessities of life. Everybody has to eat and... even in our wonderful land of plenty... some find difficulty in securing enough to barely subsist upon. Under these circumstances it seems to us extremely important that those who elect to deal in the vital necessities... things folks must have in order to live... should be specially trained for their work and made to realize that waste and inefficiency... which add to the cost of these things... are major offenses against the public welfare. That's the way our employees are taught. They do their best to live up to this teaching which helps to account for the fact that you always find better values at Safeway Stores and Markets.

A DINING-ROOM TRAGEDY!

TABLES spread with delicious food... most of it soft, highly refined—lacking in the "bulk" and iron your body must have to keep well and strong.

This is the dining-room tragedy that occurs daily in millions of homes. No wonder most people suffer from constipation. No wonder headaches, backaches, and dull days are frequent!

Just add one delicious food to your table—and you will help correct all this suffering. Add Kellogg's ALL-BRAN in some form every day.

ALL-BRAN adds the necessary "bulk" or "roughage"—and iron—that is so often lacking in our diet today. This bulk is needed to prevent constipation—to sweep the system clean

of poisonous wastes—to exercise the intestines and keep them healthy.

ALL-BRAN is delicious as a cereal with milk or cream. Sprinkle over other cereals or use in cooking.

Two tablespoons daily are guaranteed to relieve both temporary and recurring constipation. In severe cases with each meal. At your grocer's—in the red-and-green package. Made by Kellogg in Battle Creek.

PLACENTIA

PLACENTIA, Feb. 27. — Miss Emily Cuff, chairman, and 18 members of the garden section of the Round Table club visited the P. J. Weiss garden at La Habra Heights Wednesday afternoon. Clark B. Lutsch, Fullerton landscape gardener, who planned the garden, talked to the visitors. Mrs. Fred Tuffree will entertain members of the booklovers' section of the Round Table at her home Monday at 2 p. m., with Mrs. E. E. Knight of Torba Linda, as leader. Mrs. Eunice Thurman, whose automobile was stolen from Fullerton on the afternoon of February 8 has received word that the car had been located at San Diego. Mrs. Thurman and a friend went to San Diego Thursday morning to drive the car home. Mrs. E. M. Everett entertained with a dinner party Wednesday noon in observance of the second birthday anniversary of her daughter, Ruth Hope. The dining table was decorated in a color scheme of pink. Guests present were Beatrice, sister of the small guest of honor, and her cousins, Marilyn and Arlene Johnson, of Torba Linda.

Its clear whiteness indicates the superior quality of the pure vegetable oils used in its manufacture. Troco is first in greater usefulness, too — you can use it for frying — it does not splatter. GUESSWORK REMOVED BY ROASTING COFFEE IN SMALL QUANTITIES

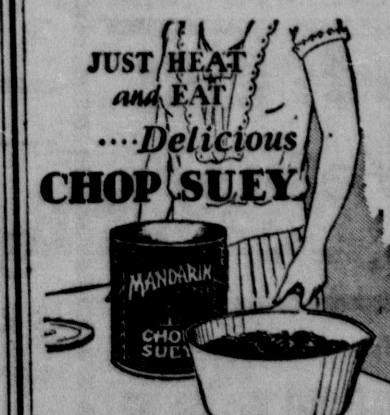

Patented Process Invented by
Hills Bros. Insures Delicious,
Uniform Flavor Always

When coffee is roasted in the ordinary way, which is in two or three hundred pound lots, it is a problem to get an even roast. Some of the berries may be overdone, some underdone. What is more, one batch may vary from another in color. All of these variations prevent a uniform flavor.

Hills Bros. overcame this problem by inventing and patenting a roasting method that automatically regulates the amount of coffee roasted and the degree of heat. By a slow but continuous process, only a few pounds at a time pass through the roasters. So exact is the control, that every berry is roasted evenly and gives a matchless, uniform flavor in every cup.

No other coffee can taste like Hills Bros. Coffee because no other coffee is roasted the same way. The continuous process, Controlled Roasting, that means so much in flavor and strength is Hills Bros.' exclusively.

When you buy Hills Bros. Coffee it is as fresh and rich in flavor and aroma as when it comes from the roasters. Air, which destroys the flavor of coffee, is completely excluded from the vacuum cans in which Hills Bros. Coffee is packed. Coffee packed in ordinary air-tight cans does not stay fresh. Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can. Sold everywhere.

A body that radiates not only the sunshine without but the "sunshine" within... a child not merely well-nourished but well-protected. Ask the mother of Little Miss Bright Eyes and she'll whisper this big little reason: vitamins! Priceless vitamins such as Nature stores deep in the heart of the wheat... such as you, too, can give your children (and yourself) in **Carnation Wheat**. More than a hot, nourishing cereal, it is **The Vitalizing Cereal**... whole wheat with the vitamin-rich heart left in!

Pump, golden, sun-filled grains... steamed and rolled into creamy, wafer-thin flakes... **Carnation Wheat** brings to your breakfast bowl all the health-heart of the wheat with its precious vitamins; bran, the regulator; carbohydrates and fats for quick-to-use energy; proteins for bone and muscle; minerals for rosy cheeks and robust bodies!

Whole wheat hearts, Science now tells us, are the richest known source of Vitamins B and E and the best cereal source of Vitamin A. Mysterious, priceless, life-giving vitamins... always essential to good growth, good appetite, good health... doubly essential in winter when Nature calls for added food-protection. THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KNICK
REG. U. S. PAT. OFF.

The big giraffe seemed rather pleased. For once he wasn't teased and teased. The Tinies treated him real nice, which was the thing to do. Upon his neck, wee Clowny clung and round about he soon was swung. Each time the animal would move, 'course Clowny would move, too. Said Scouty, "Gee, I wish he'd run. I'll bet 'twould be a heap of fun for Clowny 'way up in the air." Then came a big surprise. Perhaps the beast heard what he said, because he promptly went ahead and started running right before the startled Tinies' eyes. "Hey! Stop him! Stop him!" Clowny cried. "I am afraid that I will slide right down his neck and take a spill. It's hard to hang on tight. Who put him up in tricks like this? I knew that things would go amiss. Won't someone try to help me? I am in an awful plight!" The trainer of the big giraffe looked on and then began to laugh. "You sure look funny,"

he exclaimed. "But I'll come to your aid." He stopped the beast from running 'round. Then Clowny slid down to the ground. The others started kidding him and claimed he was afraid. The Travel Man cried, "Don't tease, boys. You only make a lot of noise. Let's go now to the monkey cage. Some more fun is soon was in a fix, because he teased one monstrous monk and made the whole bunch roar. The monkey suddenly jumped out, ere Clowny knew what 'twas about, and grabbed his hat and scampered off. He chattered very loud. Poor Clowny started in to chase, but found it was a losing race. "Go get him! Try and get him!" came the shouts from all the crowd.

(The Tinymites have some more fun in the next story.)

Missing Letter Links

RULES

1. In playing golf on the Missing Letter Links the object is to change one word to another in a given number of strokes which is par. For example, to go from TEE to PIN in three strokes sounds hard but isn't: TEE-TIE-PIE-PIN. It's probably more difficult on a real course.

2. Change but one letter at a time and be sure the word you have used is one in good usage.

3. The order of the letters cannot be changed.

PESO to MARK—From last re-

ports we found that the PESO and the MARK were a little below par. Maybe you play them that way around the letter links today.

Fishing

(Read Luke 5:1-11. Text, Luke 5:10.) Fear
not; from henceforth thou shalt catch men.
What a promotion! From one of the humblest
of callings to that which is the greatest! And
yet Peter's undoubted talent had been well
schooling in the art to which he was to give
the remainder of his life. The patience re-
quired, the hazards encountered, the persistence
called for, these had all been excellent train-
ing for the work before him. Peter was still
to be a fisher, but a fisher of men. He had
just shown a readiness to try again after re-
peated failure. How often he would need
that heroic quality in the years ahead! We
also are to be fishers of men. Do we know the
art? Or do we thresh the waters to frighten
the fish away? "Being crafty, I caught you
with guile," said Paul. After failure will we
try again? For Peter fishing was not a pas-
time; it was business. We are much too casual
in our patience of the great art. Only wet
nets catch fish.

PRAYER: Increase, O God, the faith and the
zeal of all thy people, that they may more ear-
nestly desire, and more diligently seek, the sal-
vation of their fellowmen, through the message
of thy love in Jesus Christ our Lord. In His
name. Amen.

—Common Prayer.

GAS TAX DISTRIBUTION

The day before yesterday the Board of Su-
pervisors of Los Angeles county appropriated
\$500,000 for road work in the incorporated
cities of Los Angeles county, outside of the
city of Los Angeles. This appropriation will
provide employment for approximately 12,000
men. \$250,000 of this money is money that
comes from that fund of the Board of Super-
visors that is provided by the gasoline tax
collected by the state.

This naturally suggests something of like
character for Orange county. The manner
of obtaining the gasoline tax, and the uses
which are made of it are hardly just, and are
certainly not helpful to the great majority of
citizens out of whose pockets this tax comes.
Evidently this is felt by the Board of Super-
visors of Los Angeles county, and they are
endeavoring to make amends, at least to a
minor degree.

We wonder if our own Board of Super-
visors cannot do the same on behalf of our
incorporated cities. Orange county's share of
tax money from the state is small compared
with that of Los Angeles county, yet it
amounts, in the aggregate, to a large sum.
Of course, it is well known that the tax is three
cents a gallon on gasoline, which goes to the
state, one-third of which is turned back to the
counties in proportion to the number of reg-
istered automobiles from the counties. This
has entitled Orange county to, and she has
received as her share, about \$300,000 per year.

Approximately 70 per cent of this tax is
paid by the owners of automobiles in the in-
corporated cities of Orange county, and not
over 30 per cent is paid by those living out-
side of the incorporated cities. But almost
none of this money is being spent on highways
inside of the incorporated cities.

It is used almost exclusively on the high-
ways outside of the incorporated cities. Prob-
ably in the number of years past, the amount
by the registered machines of gas money that
has been brought into the county that might
be in a sense designated as Santa Ana's share,
would be close to a million dollars.

But Santa Ana has received out of that
fund, to save the taxpayer of Santa Ana, only
about \$36,000. The same situation relatively
undoubtedly prevails in respect to Orange,
Fullerton, Anaheim, Newport Beach and other
incorporated cities. With the money exclu-
sively used out in the country districts, the
amount is relatively so large that the Farm
Bureau people felt that the direct property tax
for road purposes, which of course, only ap-
plies to the country districts, could be entirely
wiped out, and so urged the grand jury to
recommend this, and this the grand jury did.

If this action was taken, then the city man
would still be paying his tax for street im-
provements of all kinds and character in the
city, as well as his special assessments for
street improvements, while the farmer would
be entirely relieved from any direct tax, and
have 70 per cent of all the money that is used
on the highways, contributed by the people
from the city. It should be borne in mind
that the amount of gas that the farmer uses is
probably not more, if as much on which he
pays a tax, as is used by the ordinary city
dweller. In fact, a considerable portion of the
gas on which the city dweller pays a tax just
now, may be in hunting for a job or in going
to and from work, an expense which the ranch-
er does not have. For the power gasoline used
in tractors and other power plants, the farmer
receives a rebate, and his affidavit of the pro-
portion of the amount of gas that he has
bought which is used for that purpose is the
only evidence required of the accuracy of his
statement.

But now it is proposed that not only shall
this property tax for road purposes be done
away with, as far as the county is concerned,
outside of the incorporated cities, but it is
proposed that a one cent additional gas tax
be paid, so that there should be a four-cent
tax paid into the state, and instead of one-
third as the amount now returned, there should
be 50 per cent of this tax returned to the coun-
ty. In view of the fact that some 70 per cent
of this is paid by the city dweller, there would
be \$210,000 added from the city dweller to the
outside highway fund, unless there is some
change in the plan. It does seem as though
if there is going to be any increase in gas
taxes, that increase should go directly to the
cities or at least it should go to the cities in
proportion to the number of registered cars
from the cities as against the country.

It should not be turned into the fund of the
Board of Supervisors for them to allocate as
they are doing now with the gas tax money.
If this is not done, it certainly should not be

assessed, for according to the people in the
rural sections of the county itself, there is no
need of additional money for road funds in the
country districts. There is need, however, for
constant improvement in the cities, and Santa
Ana's share of this fund, which would be close
on to \$100,000 a year, could be very well utiliz-
ed to save the taxpayer taxes, and make de-
cided improvements. It is supposed that Ana-
heim's amount would be in the neighborhood
of \$30,000 with a similar amount from Full-
erton.

There is nothing unfair about this, and there
is no suggestion by any means that anything
should be taken from the rural sections and
given to the cities. It is only that a portion
of that which the cities contribute shall re-
turn to them to the saving of their extra ex-
pense. We understand that the trustees of the
various municipalities have had this under
consideration for some time, and have made
their appeals to the Board of Supervisors. It
is probably unfortunate that the supervisors
take their view very largely from the stand-
point of the county.

There is only one member of the Board of
Supervisors who is a resident of an incorporated
city. This is the one from Santa Ana. Yet
in respect to gas tax, nearly three-quarters
of the money is contributed by the cities.

Is it too much to ask that our legislators
have this in mind, and that the Board of Su-
pervisors take a fairer view on behalf of the
cities?

Incidentally, would it not be well if the
Board of Supervisors now would appropriate
money for road building in the cities to help
the unemployment, and thereby in part restore
some of the money to the cities which right-
fully belongs to them? While it is perfectly
proper that the automobile driver should pay
a tax as he does through the purchase of gaso-
line, yet there is an element of value to ad-
jacent property by reason of the highway, and
a fair amount of the cost of such highway
should come from such property.

A Pennsylvania college served tea free to its stu-
dents during examination week recently. A more
timely beverage would have been nerve tonic.

GRAND OPERA FOR EVERYONE

The film industry continues to broaden its
scope. Its last contribution to our entertain-
ment is a complete presentation of the opera
Pagliacci, of Leoncavallo. One will not need
to go to Los Angeles, or San Francisco, or
New York to hear the great operas rendered
by the greatest singers and actors of the mu-
sical world if this continues.

What this filming of the operas will do for
musical appreciation in this country can hardly
be measured. We have been charged with
backwardness in the arts. This will not be
true if this march of progress on the part
of the film industry continues. To some Grand
Opera is still unenjoyable, not because they
are incapable of appreciation of it, but because
they have not had the privilege hitherto of
getting into the swing of it.

We predict that the jungle tunes will grad-
ually lose their vogue as the American taste
for good music is developed. These jungle
tunes never fitted an advanced civilization. It
was simply the absence of something better
that reconciled many people to the cheaper
type of music.

Orange County Figures on Water

San Bernardino Sun

Orange county has discovered that if the county
in its entirety should join the Metropolitan Wa-
ter district it would be entitled to far more wa-
ter than it can hope to secure from the conserva-
tion of the flood waters of the Santa Ana river.

The figures are interesting. Orange county
would be entitled to \$2,000 acre
feet of water. The county's proportion of the
\$200,000,000 aqueduct cost would be \$15,200,000.

The figures mean that the amount of water
that would be available from the aqueduct would
be five and a half times more than the average
annual waste run-off in the Santa Ana river.
The Prado dam, long contemplated in Orange
county, would cost as much as the county's share
of the aqueduct cost. Not since Orange county be-
gan to talk about the Prado dam, however, has
there been enough waste water to fill a dam if it
were built at Prado.

The impression is increasing that the entire
Santa Ana watershed region should be a part of
the Metropolitan Water district. The discussion
began with debate by cities already members as
to whether they should remain in the Metropolitan
Water district unless all of the important
communities came in.

It is conceivable that if much of the Santa
Ana watershed were in the Metropolitan Water
district that a portion of the surplus aqueduct
water would be released for underground stor-
age in the artesian basins of the Santa Ana river.

The Widow of Dewey

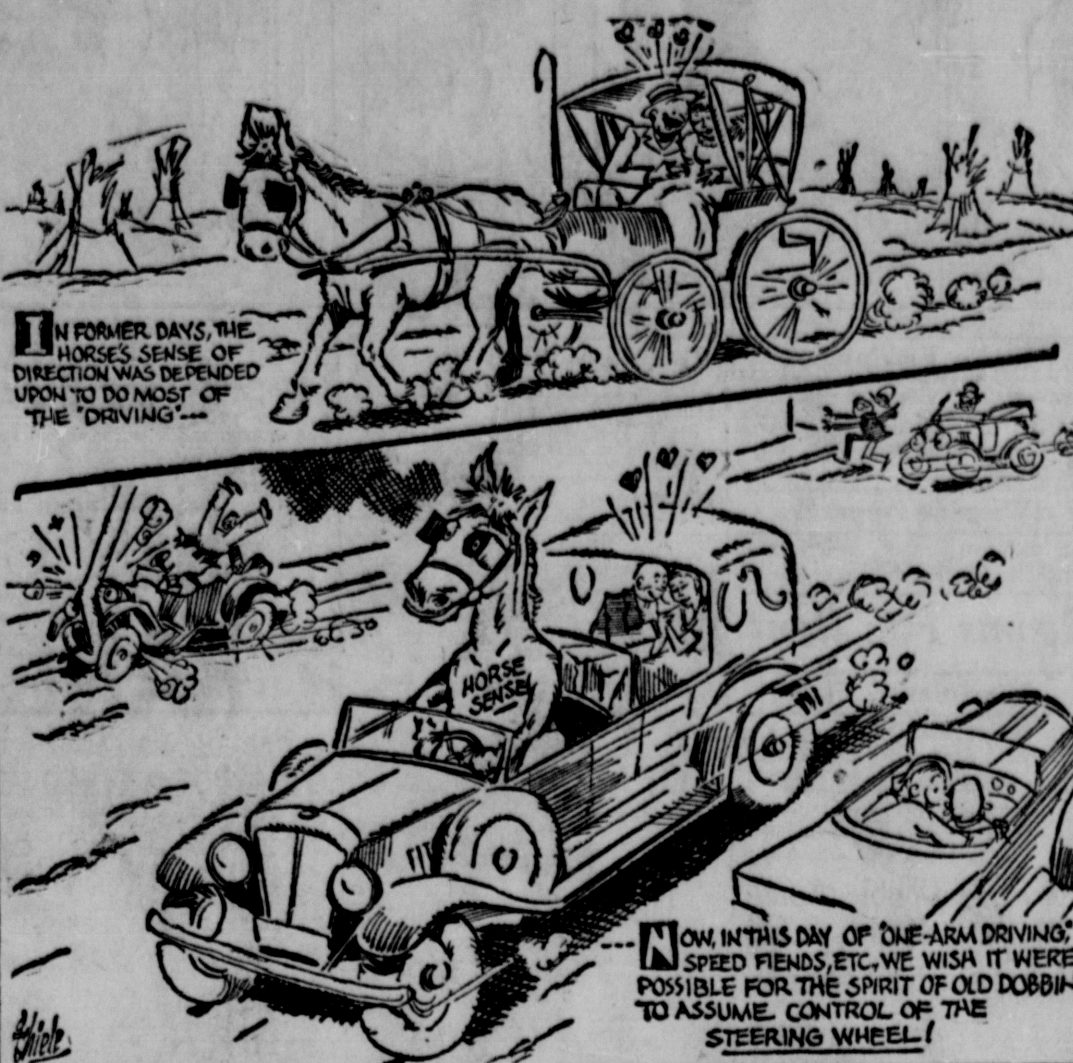

Oakland Tribune

A time when a great part of the country lost
its head and went on an emotional jag is re-
called with the passing of Admiral Dewey's widow.
After Manila Bay, Dewey was the greatest hero
in our nation. Thousands of babies were named
after him; his picture appeared in almost every
window, on lapel buttons, and on banners stretch-
ed across the streets. There was a demand for
"Dewey for President." The people, in their en-
thusiasm, raised a fund and gave the hero a house.

Then Admiral Dewey, who had been a widower
for 26 years, married Mrs. Hazen, sister of John
R. McLean, Cincinnati and Washington publisher.
As if it has expected its hero to remain loyal
only to the popular regard, the public accepted
the wedding almost as an affront. And when the
Admiral decided the house to his bride there was
no holding the indignation within bounds. For-
gotten was the talk of the Presidency; some par-
ents had their children rebaptized; on all sides
was criticism.

Fourteen years after the death of Admiral Dewey,
with the hysteria all but forgotten and Dewey's
picture cleared in time's perspective, the widow
has died. She had taken good care of that gift
house and other worldly possessions which the
hero of Manila Bay left her.

More Truth Than Poetry

By James J. Montague

THE WAY UP

We are told that ability finds a man out
No matter how modest his mien,
That the whole world is constantly hunting about
For brains that are gifted and keen.
We are told that the person who blows his own horn
And whose praise by himself is far flung
Will be laden through life with the popular scorn
And perish unwept and unsung.
But I notice that Byron won laurels and bays
By volubly sounding his personal praise.

Great actors, they tell me, are born and not made,
They need not the public acclaim;
By marching along in the public parade
They rarely gain money or fame.
But I've known quite a number of thespian stars—
Some of whom you will doubtless recall—
Whose pictures were used upon five-cent cigars
And who never objected at all.
Not an actor I know of has lost any pelf
By loudly and constantly boasting himself.

Although boasting, perhaps, is in rather bad taste
A man with a future in view
Isn't likely to lose it by being in haste
To tell the world what he can do.
The boys who are always declaring "I can't"
You will seldom find up in the van,
Which is pretty well filled with the fellows who chant
In far reaching accents, "I can!"
The ethics of people like these may be wrong
But you've got to admit that they do get along.

The Essential Requisite to Recovery

By WILLIAM TRUFANT FOSTER and
WADDILL CATCHINGS

Every period of falling business is a period of falling prices.
That is the dominant fact.

There are, no doubt, many causes of business depressions.
Indeed, a list of 216 different explanations has been compiled
by a laborious German scholar. They range from irrelevance
to sun spots. There may be a grain of truth in every one of those
theories. For all we know, there may be some casual connection
even between spotty business and sun spots. But the one thing
that always, everywhere, goes with falling trade and employment
is falling prices.

In other words, every business depression carries with it
increased valuation of money, which means decreased valuation
of the things money will buy, taken as a whole.

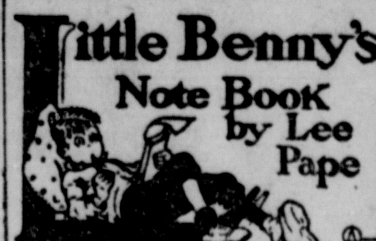

The present business depression, for example, is marked by
a decline in commodity prices, during the past year, of over
nineteen per cent. From 1919 to 1925, prices fell in 22 coun-
tries. In all these countries, with three minor exceptions, trade
and employment fell, too, and seriously.

At least one reason for this is plain. Business is carried on
by means of long-term contracts, such as mortgages. These con-
tracts are obligations to pay stated sums in the future. There are
now hundreds of billions of dollars of these promises to pay,
including bonds, leases, promissory notes, annuities, pensions,
insurance policies, bank deposits, and so on. By the terms of
these contracts, debtors are obliged to pay a fixed number of
dollars; but, when prices fall, the things which the debtors have
to sell—real estate, stocks, commodities—bring fewer dollars.
Some of them cannot be sold for love or money. And all of
them shrink in loan values. Such declines in values destroy, for
many concerns, the credit resources without which they cannot
do business.

This explains the unanimous report of the experts, from all
over the world, who met at Geneva in 1922. "THE ESSENTIAL
REQUISITE for the economic reconstruction of Europe," the
Conference declared, "is the achievement, by each country of
stability in the value of its currency."

We must either prevent such price slumps as we have had
in the past year, or continue to suffer from drastic slumps in
employment. The fall in prices is the beginning of our troubles
and the chief obstacle in the way of ending them. A stable
dollar, therefore, is the essential requisite to recovery.

Pop was smoking to himself in
his private chair, and ma sed, I
had a little more trouble with
that traffic officer at the end of
the one way street near the bul-
lvard this afternoon, Willyum.
For Pete sake do you mean to
tell me you went wrong on that
one way street again? pop sed.
There's no use of your continuing
to drive if you're not going to re-
member the one way streets, he
sed.

I remembered it was a one way
street all right, but somehow or
other, I don't know why, I thawt
it was the other way, ma sed. I'd
anyway, that big berry traffic of-
ficer blew his whistle and came
rite over to me with his face as
red as a beet. In fact he was
actually shaking his fist. What,
again? he sed. Now madam this
is too much. You came the wrong
way on this street not 2 days ago,
and now you've come the wrong
way again, he sed.

By golly I bet you didn't have
any answer to that, pop sed, and
ma sed, if you think that you don't
know me. Why officer, I sed, I'm
going the rite way, dont you slip-
pose I know wich way I want to
go? I sed. Well my deer if
his face was red before you would
of called it lilly white in compar-
ison to what it became then. When
he shouted, if you want to go,
go this way yours on the wrong
street, he sed, and I sed, All rite,
thats different, then Im on the
wrong street, but that a far dif-
ferent accusation to make than to
tell me Im going the wrong way.

Just because you're a traffic of-
ficer do you presume to know
more than I do myself about where
Im going and where Im not? I
asked him bluntly. Well my deer
I cant tell you what color he got
then without seeming to exagger-
ate. There was quite a little
crowd listening by that time, and
he just waved his hand weakly
for me to go on and then turned
around to the people with such a
ferocious expression that they
melted away like criminals, ma
sed.

Its a womans world, pardon me
if I leave it for a while, pop sed.

Thoughts On Modern Life

By GLENN FRANK

THINKING AND ACTING

One of the fundamental prob-
lems of our time is to close the
chasm that exists in the American
mind between the thinker and the
man of action.

One of the ugly by-products of
our rapidly developed industrial
civilization is the exaltation of
the man of action and our patron-
izing attitude toward the thinker.

The "Itinerant Economist" sug-
gests, in a recent issue of the
Wall Street Journal, that, as he
knocks about among business and
banking executives, he is impressed
by the preponderance of the execu-
tive-executive over the creative-
executive sort of leader.

That we should have exalted
the man of quick and decisive ac-
tion is understandable.

America has been passing
through a generation of lightning
changes in the form and function
of its economic organization.

It has not had time to wait for
the plodding thinker. It has had
to act, and it has turned to the
man of action.

America has not learned that
thought as well as action may be
quick; it is still under the spell
of the legendary picture of the

thinker as a pondering soul that
sits apart from the hurly-burly
of affairs and is more interested
in analyzing past actions than in
charting future courses.

I agree with the "Itinerant
Economist" that the biggest prob-
lem that the financial order now
faces is a shortage of thinkers in
its strategic posts.

We need to develop more War-
burgs, more Wiggins, more Youngs
and men of their sort.

And I predict that during the
next ten years we shall see many
changes in strategic leaderships
in the business, industrial and fi-
nancial world, and that these
changes will be in the main
prompted by a search for men
who bring breadth of thought as
well as decisiveness of action to
their leadership.

And in the facing of this prob-
lem of developing the creative-
executive type rather than the
executive-executive type, the col-
leges and universities have a heavy
responsibility.

A drastic reform of the special-
ist-dominated college and univer-
sity is long overdue.

OUR CHILDREN

By ANGELO PATRI
INATTENTION

"He is a good child but he doesn't
pay attention to the teacher. That
is the only fault she has to find
with him. If he would only pay
attention he would get along all
right."

Why doesn't he pay attention?
That is what we have to find out
before we can help the child. When
we say he does not pay attention
we are not putting our finger on
the sore spot. We are looking at
a symptom of trouble. Not at the
trouble itself. WHY does he not
pay attention? All healthy, well-
graded children pay attention to
their work in class and get along
as well as can be expected.

Test his eyesight and his hear-
ing. Even though you believe both
to be perfect, have them tested by
an expert. Look well to the clean-
liness of his mouth. His teeth
ought to be clean, and without
cavities. Bad teeth make for ill
health. Test his nutrition. Test
his intelligence. Examine the class-
room conditions. Go over ALL of
the child and ALL of his associa-
tions inside school and out.

If a child has defective vision
he cannot keep up with his class.
He does not see what they see. He
loses interest because he does not
know what is going on about him.
When a child loses interest in the
classroom work he cannot pay at-
tention. We pay attention ONLY
to what interests us.

Defective hearing is the cause of
many a retarded child's difficul-
ties. This is not always easy to de-
tect. You ask the child hears. He
seems to hear perfectly. You ask
him if he hears and he says, "Yes."
But it may be that he is hard of
hearing without knowing it. He
does not know that he does not
hear all that is said. Make certain

of his hearing. Have the expert
test it.

At the same time look at his nose
and throat and if there is any
sign of a diseased tonsil, any ade-
noid growth, have them removed.
Healthy tonsils should be left
alone. But diseased ones might
better be removed at once. Any ob-
struction in the nose and throat
lowers the child's vitality and cuts
down his supply of oxygen. He
needs all the fresh air he can get
so this matter of adenoids and dis-
eased tonsils is important.

How about his general health?
Are his health habits established?
Does he sleep well? Rest long
enough? Has he sufficient play? Is
his diet right? How about sex hab-
its? Is he bathed frequently and
is he always clean. Poor health
will cause inattention. If you do
not believe it just remember this
the next time you have a head-
ache and the children want your
attention centered upon them.
You will be sure of it then. Good
health is the basis for all progress.

Is he up to grade or is he below
grade? It is highly important that
he be graded right. And about the
teacher. Is she interested? Does
she care whether the boy recites
well or ill? How good an audience
does she provide for good class-
room work? Encouragement, pub-
lic approval, are fuel to the fire of
a child's ambition.

Find the cause of the inattention
and do your best to remove it.
Healthy children are always inter-
ested and attentive—at least suf-
ficiently so to hold their places in
class.

tention to inquiries from parents and

velopment of children. Write him in

LONGFELLOW'S BIRTH

On February 27, 1807, Henry W.
Longfellow, American poet, was
born at Portland, Me.

After graduating from Bowdoin
college in 1825, in the same class
with Nathaniel Hawthorne, Long-
fellow was at once appointed pro-
fessor of modern languages at his
alma mater. He resigned in 1835
to study and travel in Europe. On
his return he accepted at Harvard
a post similar to that he had at
Bowdoin.

Longfellow's poetic gifts made
him at 34 perhaps the most widely
read poet in America. Poems
which helped establish his fame
were: "Evangeline," "The Court-
ship of Miles Standish," "Excer-
pt," "The Wreck of the Hesperus,"
"Paul Revere's Ride" and
"The Village Blacksmith."

His fame as a poet rests on two
points. First, he gave expression
to the commonplace emotions of
American civilization with charm

and simplicity; second, he did
much to spread European culture
in this country.
